the "paid protesters" discourse happened in 2017 and R's killed it pretty quick because they realized it was only inflaming the situation (no faster way to infuriate your concerned constituents than calling them fake!). but Elon has the political instincts of Mr Bean so of course he's doubling down

Leah and I released the new Indivisible doc, "A Practical Guide to Democracy on the Brink," after spending the post-election weekend in a cabin feverishly writing, editing, and rewriting. TNR describes it here as "refreshingly blunt." I think it holds up pretty well 5-ish months later.

Sorry to post again on this but nothing will change unless we persistently, annoyingly demand better.

Two weeks ago the federal workers union urged Schumer to reject the GOP funding bill. Schumer instead led Dems to surrender. And then Trump escalated his attacks. Inexcusable and unforgivable.

House Republicans have also introduced H.R. 22 (we're calling it the "Silencing Americans Act"), a bill that would legally mandate documentary proof of citizenship to vote in federal elections. Mar 28, 2025, 12:32 PM UTC

Trump's new executive order is a dangerous attempt to restrict who gets a voice in our democracy, making it harder for millions to cast a ballot and be heard. Instead of voters choosing their leaders, it paves the way for MAGA extremists to decide who gets to participate in the first place.

Schumer's failure to lead in this critical moment was a betrayal of the Democratic Party, its voters, and our democracy. We need a Senate Minority Leader who will actually fight back against Trump, not fold to him. The stakes are too high for failed leadership. Make sure your senators hear from you.

Following an emergency consultation with Indivisible leaders nationwide, Indivisible is calling on Chuck Schumer to step aside as Senate Minority Leader.
indivisible.org/statements/i...

Mar 15, 2025, 11:23 PM UTC

Incredible 🙌

Mar 15, 2025, 10:16 PM UTC

The CR was a debacle from top to bottom. Indivisible talked to our group leaders today about what to do next.

"...82% of group leaders in New York and 91% of Indivisible group leaders nationwide voted to call for Schumer to step aside as Senate Minority Leader."
indivisible.org/statements/i...

Mar 15, 2025, 10:01 PM UTC

This was not a close vote. 91% of group leaders voted for national to make this all. 7% said probably, but they needed more time. 2% opposed.

We are a locally led movement. When local leaders speak, we listen. We encourage Democrats to rally around someone who can lead the opposition forward.

Mar 15, 2025, 09:54 PM UTC

...about the urgent need for a Minority Leader who's up for the fight this moment demands.

Our democracy is in danger. The path ahead will be hard. Indivisibles are ready to do the work - it's time for a Senate Democratic Leader who is, too.

Mar 15, 2025, 09:54 PM UTC

Senator Schumer should step aside as leader. Every Democrat in the Senate should call for him to do so, and begin making plans for new leadership immediately. We will be encouraging our groups and activists to talk to their senators at town halls, community events, and office visits...

Mar 15, 2025, 09:54 PM UTC

We organize local activists in communities in every state in the country — regular people dedicating themselves to opposing Trumpism and preserving the promise of a functioning democracy. And they deserve a Democratic party, and leadership of that party, who is willing to fight as hard as they are.

Mar 15, 2025, 09:54 PM UTC

Sen. Schumer has contributed to and led many important accomplishments that Indivisible is grateful for. But with our democracy on the line, he let us, the country, and the Democratic Party down.

Mar 15, 2025, 09:54 PM UTC

We thank Sen. Schumer for his service, but we need new leadership in this moment and we understand to get there we need a chorus of support for change.

This is a painful decision, the gravity of which we take very seriously.

Mar 15, 2025, 09:54 PM UTC

In a vote, the two groups gave us clear direction: 82% of group leaders in New York and 91% of Indivisible group leaders nationwide voted to call for Schumer to step aside as Senate Minority Leader. Accordingly, we are calling for Chuck Schumer to step down from Senate Democratic leadership.

Mar 15, 2025, 09:54 PM UTC

Schumer led the charge to wave the white flag of surrender. But we have no intention of surrendering to Trump, Musk, and congressional Republicans.

This is why today, we called two emergency meetings of Indivisible group leaders for groups in New York, and for the 1,600 local groups nationwide.

Mar 15, 2025, 09:54 PM UTC

Indivisibles across the nation are organizing furiously to fight back. That's where they want to focus. Yesterday, Sen. Schumer gravely undermined their work. After weeks of constituents demanding Democrats use this precious point of leverage on the government funding bill, Schumer did the opposite.

Mar 15, 2025, 09:54 PM UTC

 The passage of this dangerous Republican funding bill is a travesty. The ongoing administrative coup led by Donald Trump and Elon Musk is a constitutional crisis. The authoritarians stripping away our rights and trying to loot the government to enrich the billionaires are a five-alarm fire.

Mar 15, 2025, 09:49 PM UTC

Indivisible has no intention of surrendering to Trump, Musk, and congressional Republicans — and we need a Senate Democratic Leader willing to fight for us and our democracy.

Mar 15, 2025, 09:47 PM UTC

An absolute failure of Democratic leadership. NOBODY in the Senate should have voted for this dangerous bill.

BALTIMORE: Mon 3/17, 7PM: Central Library

WASHINGTON DC: Wed 3/19, 7PM: Sixth & I

During the Biden administration, Senator Durbin fiercely defended the filibuster. Why defend tools like that if you won't use them? We are deeply disappointed that @durbin.senate.gov conceded to the Republicans and voted for cloture on the MAGA funding bill.

Mar 14, 2025, 11:02 PM UTC

These are the same Senate Democrats who lectured the base for years about the importance of preserving the filibuster so it would still be available when Democrats were in the minority

Mar 14, 2025, 10:27 PM UTC

Feels like a great afternoon to remind you that as soon as Schumer, Gillibrand, Fetterman, Schatz, Durbin, Hassan, Shaheen, Cortez-Masto, Peters, and King are done helping Republicans get this Trump-Musk coup-empowering government funding bill over the finish line, the Senate goes on recess.

Mar 14, 2025, 09:43 PM UTC

Rollover and play dead wins. I'm honestly really sorry everyone. This is a bad, depressing outcome. We tried our best, and we didn't succeed. We're circling up with Indivisible group leaders over the next day to plan for what accountability will look like. Stay tuned.

Mar 14, 2025, 09:21 PM UTC

Really glad Democrats saved the fucking filibuster so they could NOT USE IT.

Fucking cowards

Mar 14, 2025, 09:17 PM UTC

Congress is now headed home for recess and we will be there to hold them accountable. We're planning town halls and events across the country to make sure everyone knows about the Trump-Musk coup. We can't count on all our supposed leaders to fight back, so it's time for us to turn up the pressure.

Mar 14, 2025, 09:17 PM UTC

This isn't a fight between progressives and moderates. The House Democratic Caucus was practically unanimous in its opposition to the bill. This is a struggle between those of us who are willing to fight back against authoritarianism and those who aren't. We deserve leaders who share our commitment.

Mar 14, 2025, 09:17 PM UTC

Let's be clear: A symbolic vote against final passage of this extreme MAGA spending bill is meaningless after giving up real leverage on the cloture vote. The 10 Democrats who voted with the GOP think they can fool you with this performative resistance. All of them will have to answer for this vote.

Mar 14, 2025, 09:17 PM UTC

In a total betrayal of their constituents and our democracy, 10 Democrats just voted with Senate Republicans to give Trump and Musk a blank check to continue their coup. @schumer.senate.gov led Democrats to this total surrender. We need strong leadership, not cowards who cave at any GOP pressure.

Mar 14, 2025, 09:14 PM UTC

The thing about this that absolutely kills me is that this will only embolden Republicans to stuff *even worse* stuff in future spending bills, knowing that there are enough Dems who will vote yes on cloture no matter what.

Mar 14, 2025, 09:11 PM UTC

Today the biggest split among Democrats is between those who want to stand and fight and those who want to play dead.

House Democrats united to stand and fight. Too many Senate Democrats played dead.

We need more leaders from the stand and fight wing of the Democratic Party.

Mar 14, 2025, 08:55 PM UTC

Unlike @schumer.senate.gov @kirstengillibrand.bsky.social who are all for handing power over to fascists.

Here's the fight:

Trump is already shutting down the government through DOGE.

We can't give Republicans a blank check to slash critical services and steal from people who work for a living.

We need to hold the line, stop the GOP CR, and get back to the negotiating table.

Mar 14, 2025, 03:10 PM UTC

Hey folks – my phone system is having some tech difficulties and hanging up on callers that opt to leave voicemails.

 We're hearing this is not a done deal. Your pressure is working.

Republicans need to peel off seven or eight Senate Democrats for today's cloture vote. Keep calling and telling Dems to hold the line against this extreme MAGA spending bill.

Mar 14, 2025, 01:40 PM UTC

just understand that Schumer has ALWAYS operated by telling people what they want to hear right up until the last moment. his leadership is defined by saying what's necessary to avoid getting yelled at today no matter the costs tomorrow, and now it's leading to catastrophic results for all of us

Mar 14, 2025, 01:22 PM UTC

A shutdown starts at midnight tonight, and there is still time to reject the GOP's harmful, partisan slush-fund for Trump and Musk.

Their CR also would impose draconian spending cuts on Washington, D.C., which would be devastating for children in the nation's capital.

Mar 14, 2025, 12:49 PM UTC

We must not give our leverage away.

Mar 14, 2025, 12:32 PM UTC

I don't buy the narrative that Trump & President Musk actually WANT a shutdown. If that was the truth, they would've put forth an even worse bill that would 100% guarantee zero Dem votes.

What they did was propose a bill that green-lights DOGE & Elon's billionaire takeover by omitting guardrails.

Mar 14, 2025, 12:23 PM UTC

This is a team sport. Sometimes, everyone agrees on a strategy you have concerns about. I've voted with less than 10 people multiple times.

But let's be clear — there's nothing heroic or admirable about green-lighting a billionaire takeover of our country. In these moments, our unity is our power.

Just to answer some of your questions: We are asking Senate Democrats to vote NO on cloture without a path to winning a clean 30-day continuing resolution.

Cloture requires 60 votes, so the Senate GOP will need Democratic support. Urge your senators to hold the line. 📌

ALERT: I've heard from a high up source that Slotkin is against the GOP funding bill, but Gary Peters may vote for it. If you're in Michigan, please call both. Tell Slotkin thank you, and urge Peters to vote against cloture (not just against the bill).

Republicans are using the threat of a shutdown to try to ram through an extreme bill that threatens Social Security, cuts important programs, and gives Trump and Musk even MORE latitude to dismantle the federal government.

Senate Democrats must hold the line, and they need to hear from you ASAP. 📢

But we won't cower. We've got bad news for Musk and his vassal in the White House: Our movement's power is only growing.

They're scared of peaceful dissent because they know most Americans oppose their illegal and unconstitutional attack on our government. Tough shit. We'll see them in the streets, in Congress and at district offices across the country — and we'll make damn sure they hear our voices loud and clear. 🙌

Mar 12, 2025, 01:40 AM UTC

But let's be clear: Trump and Musk don't actually care about violence. If they did, they'd start with their own movement — the one that stormed the Capitol, attacks activists in the streets, and fuels political violence daily.

Trump and Musk want us to feel weak and alone so that we stay quiet.

Mar 12, 2025, 01:40 AM UTC

This is nothing less than an authoritarian assault on our First Amendment rights.

We have always been committed to nonviolent action. Every guide, every training, every event we organize reinforces peaceful protest and de-escalation. We are firmly opposed to any acts of violence or vandalism.

Mar 12, 2025, 01:40 AM UTC

The world's richest man doesn't want you to criticize him. He's using his puppet (the President of the United States) to threaten the tools of the state against peaceful Americans expressing their opinions. Trump & Musk are trying to outlaw dissent & silence regular people who threaten their power.

Mar 12, 2025, 01:06 AM UTC

Good. More calling them on their disgusting bullshit, please

Mar 12, 2025, 01:02 AM UTC

They're gutting public schools, sending class sizes soaring, and ripping special education services away from families. And they're doing it all to free up the \$\$\$ for their next round of billionaire giveaways. Utterly shameful.

Mar 12, 2025, 12:39 AM UTC

Next week, every Member of Congress will be home for recess and their constituents will have questions. If these Republicans and Rep. Golden truly believe this vote was the right choice, they should have no problem standing in front of their communities and explaining why. 📍

Mar 12, 2025, 12:39 AM UTC

We hope Senate Democrats bring that same resolve. Republicans will need at least seven Democratic votes to pass this bill. If you've got a Democratic senator, urge them to keep holding the line against this extreme MAGA spending bill.

Mar 12, 2025, 12:39 AM UTC

With one exception, House Democrats held the line and voted against this sham of a government funding bill. Leader Jeffries and Democrats showed real leadership by standing united against the GOP's attempt to quietly advance MAGA priorities under the guise of a 'clean' extension.

Mar 12, 2025, 12:39 AM UTC

As prices continue to rise, the stock market keeps crashing, and Trump and Musk carry on with their coup, 216 of 217 House Republicans just voted to codify the harmful DOGE cuts that are a direct attack on working families, the economy, and the services everyday Americans rely on.

Mar 11, 2025, 11:06 PM UTC

There's a swell of activism in this country and we are feeding off of it. Thank you to these Montana Indivisibles for showing what our movement stands for.

Mar 11, 2025, 04:26 PM UTC

Absolutely unacceptable. There is no reason for any Democrat to vote for this bill.

Mar 11, 2025, 04:08 PM UTC

Elon Musk is spending millions to end the liberal majority on the Wisconsin Supreme Court. Fight back by signing up for a phonebank to get out the vote for Susan Crawford. Early voting starts next week and we need your help: [www.mobilize.us/indivisible/...](http://www.mobilize.us/indivisible/)

Mar 11, 2025, 01:07 PM UTC

Democrats are saying no votes unless the bill includes safeguards against Musk's illegal & unconstitutional behavior. Republicans are rejecting that, but we need Democrats to hold the line. Make sure they hear from you.

House: indivisible.org/resource/cal...

Senate: indivisible.org/resource/cal...

Mar 11, 2025, 01:07 PM UTC

In the Senate, you need 60 votes to pass a funding bill — that means at least seven Democratic votes. In the House, the GOP is such a clown show that they might not be able to get every Republican onboard, in which case Democratic votes would be needed there, too.

Mar 11, 2025, 01:07 PM UTC

TODAY: Republicans will try to jam their government funding bill through the House. The GOP has kicked Democrats out of negotiations to push their own bill forward, hoping that Democrats will simply cave.

But Democrats have leverage — and we need to encourage them to use it. 🧵

Mar 11, 2025, 02:32 AM UTC

Make no mistake. Elon Musk is the richest man in the world and he is calling for the elimination of Social Security, Medicare, Medicaid, and all the programs Americans need for health care, housing, and food.

if you as an American Jew do not want to be used as the excuse for Trump's destruction of civil liberties and basic democratic protections, the time to speak out is right now

Mar 10, 2025, 07:16 PM UTC

Every elected official in America should be speaking out about this today — and you should remind them that silence is not an option.

Mar 10, 2025, 07:16 PM UTC

That means:

- 1) Blocking ICE and DHS from campus
- 2) Erasing disciplinary records tied to protests
- 3) Refusing to cooperate with political crackdowns

This fight is about democracy. About our rights. If we don't stop this test run now, it will only get worse.

Mar 10, 2025, 07:16 PM UTC

MAGA's message is clear: If you speak out, they will come for you. That's what authoritarian regimes do. Every university, every city, every movement must fight back.

Columbia — and every other university — has a duty to protect its students from government repression.

Mar 10, 2025, 07:16 PM UTC

This isn't just about Mahmoud. It's about the authoritarian playbook Trump and his allies are testing right now. Project 2025, Project Esther — these aren't just policies on paper. They're a roadmap for criminalizing protest and crushing political opposition.

Mar 10, 2025, 07:16 PM UTC

The Trump regime is using ICE to silence dissent — not just against immigrants, but against anyone who dares speak out. Mahmoud's arrest is a warning shot, and we cannot stay silent.

Mar 10, 2025, 07:16 PM UTC

Only an immigration judge can strip lawful permanent resident status. Mahmoud's arrest is political retaliation and a blatant abuse of power — a test run for Project 2025's crackdown on dissent. We won't let it stand.

Mar 10, 2025, 07:16 PM UTC

The Trump administration is escalating its attacks on students and immigrants. DHS just arrested Columbia student activist Mahmoud Khalil — a lawful permanent resident — inside his own building. His wife is eight months pregnant. DHS and Trump do NOT have the power to revoke a green card. 🗑️

Mar 10, 2025, 06:29 PM UTC

This is illegal, and it endangers the rights of all Americans.

In this country, people must be free to express their views — left or right, popular or unpopular — without being detained or punished by the government.

Mar 10, 2025, 06:22 PM UTC

Strong statement from ACLU on the detention of Mahmoud Khalil:

"The federal government is claiming the authority to deport people with deep ties to the US and revoke their green cards for advocating positions that the government opposes."

Abortion care is a non-negotiable right, and those who provide it are on the frontlines of a fight for justice.

ICE just DETAINED a lawful permanent resident and recent grad student in the middle of the night... because Mahmoud exercised his First Amendment rights in a way Donald Trump didn't like.

Straight up authoritarianism.

These are not normal times, and we cannot treat this as business-as-usual politics. Indivisibles aren't going to let them hide.

Mar 05, 2025, 04:13 AM UTC

So far, we've learned that Republicans in Congress have no hard lines. Tonight, they all stood and clapped on cue as Trump rambled on about his despotic agenda and made us all less safe.

Republicans don't want to answer for Trump or Musk, and so they've decided against showing up in public.

Mar 05, 2025, 04:13 AM UTC

With each passing day, we are waiting to see when Republicans will draw the line: Will it be when he proclaims himself king (again)? Or when he degrades our foreign allies on Putin's behalf (again)? Or when he and Musk eliminate government agencies that keep our country safe and running (again)?

Mar 05, 2025, 04:13 AM UTC

Mar 04, 2025, 03:33 AM UTC

Trump, McMahon, Musk, and MAGA Republicans are threatening every student, educator, family, and community in this country. They are attempting to destroy public education as we know it—cutting funding and spreading hate instead of creating opportunities for students to thrive. It's unconscionable.

Mar 04, 2025, 03:32 AM UTC

This is all correct. "Thank you"s are somewhat rare on Capitol Hill. Usually constituents get in touch when they're pissed. You want Dems to fight back? Give them some positive reinforcement when they stick together like this. They'll take note and factor that into future calculus.

Is "moderate" Rep. Tom Kean Jr. going to go along with his right-wing party on slashing federal Medicaid spending? Forcing NJ to cut healthcare coverage and/or take money from other state priorities and/or raise state taxes?

Hey Tom! Do you represent all the people of #NJ07, or just the rich?

Feb 25, 2025, 07:23 PM UTC

The House Republican bill could cut as much as \$880 billion from Medicaid alone.

That puts 80 MILLION Americans—kids, veterans, people with disabilities, rural Americans, the elderly—at risk.

Democrats are standing up for the American people.

Feb 25, 2025, 06:35 PM UTC

NEW: I just asked Congresswoman Jasmine Crockett if she had a message to Elon Musk.

What would she say to him? Here was her answer:

"Fuck off."

Feb 25, 2025, 05:46 PM UTC

Hell yes! This is exactly what we want to hear from House Democrats! Use your leverage to impose restraints on President Musk and block any bill that slashes funding for vital programs.

If you're represented by a Democrat, encourage them to keep fighting back in unified opposition. 🙌

Feb 25, 2025, 05:25 PM UTC

Translation: We want to cut Medicaid.

Feb 25, 2025, 05:24 PM UTC

Zero Democratic votes for the Republican budget made to cut programs like Medicaid, Medicare, Social Security, and food stamps to pay for billionaire tax cuts. Reject being the

minority, embrace being the opposition!

Feb 25, 2025, 05:12 PM UTC

Republicans are blowing up the deficit to give a \$4.5 trillion giveaway to their billionaire donors.

And they want to pay for it by gutting programs that every day Americans rely on.

House Democrats will not stop fighting the Republican betrayal of the middle class.

Feb 25, 2025, 04:28 PM UTC

Apropos of nothing in particular, here's James Carville on election night 2018 saying there would be no blue wave. And as a reminder, we produced the largest midterm margins in the history of the republic that night. www.realclearpolitics.com/video/2018/1...

Feb 25, 2025, 04:19 PM UTC

This narrative is getting real old. We successfully got Trump out of office. It was Dem leadership's job to hold him accountable for his crimes so that he could not rebuild for 2024

Feb 25, 2025, 04:10 PM UTC

1 in 7 families in California rely on SNAP.

That's less than \$7 a day to help afford increasingly expensive food.

\$7 can barely buy a dozen eggs right now.

And, remarkably, Republicans want to lower that number to pay for tax cuts for corporate donors.

Unconscionable.

Feb 25, 2025, 03:31 PM UTC

The reckless Republican budget will be debated on the House floor today.

It represents the largest cut to Medicaid in American history.

Children, families, seniors, hospitals and nursing homes will be devastated.

House Democrats are a Hard NO.

Feb 25, 2025, 03:16 PM UTC

Why am I NOT surprised to see that House Republicans are pushing ahead with their budget plan to cut TRILLIONS from the budget at the expense of American people? CUT Medicaid, CUT food programs for our seniors and children.

They're just looking out for their billionaire buddies.

Feb 25, 2025, 01:45 PM UTC

Russia invaded the sovereign nation of Ukraine. Vladimir Putin is the aggressor. I'm not going to let Trump rewrite history.

Feb 25, 2025, 01:08 PM UTC

Instead of going after corporations who pay \$0 in taxes, Republicans are focusing their budget on slashing assistance for people who struggle and the farmers and small businesses who power our economy.

It doesn't make any sense. And it's just cruel.

It's remarkable how far we have fallen with Donald Trump.

Feb 20, 2025, 01:25 AM UTC

Take note of the messaging - this is both accurate and *deeply* unpopular. It's the kind of thing that forces GOP House members to quietly tell their constituents that they too are concerned about Musk. Make them own this. Make them squirm.

Have you heard about the biggest bank heist in history? Donald Trump is trying to pull it off right now. He wants to steal 20 billion of your dollars that are already working to cut energy bills and power the clean revolution.

We can't go back to a far-right Wisconsin Supreme Court that puts its political agenda over the law. Susan Crawford will protect the core Constitutional freedoms of every Wisconsinite. Help us stop Musk & MAGA from taking over the highest court in this battleground state:
indivisible.org/scowis2025

Feb 19, 2025, 09:53 PM UTC

Crawford's opponent will put allegiance to Trump over the people of Wisconsin. Brad Schimel is a MAGA extremist who wants to enforce a 175-year-old abortion ban, take health

care away from millions of Wisconsinites, erase progress on workers' rights, and bring Trump's chaos to his state.

Feb 19, 2025, 09:53 PM UTC

We've endorsed Susan Crawford, who served as Assistant Attorney General, in leadership roles at key state agencies, as chief legal counsel to the Governor, and as a private-practice attorney, where she represented Planned Parenthood of Wisconsin and focused on workers' and voting rights.

Two years ago, we flipped the Wisconsin Supreme Court. Now, we need to protect the liberal majority in this battleground state by electing Susan Crawford on April 1. With key cases on abortion rights, workers' rights, and fair election maps likely to come before the court, we're all-in to win in WI.

Feb 19, 2025, 09:53 PM UTC

🚨 Elon Musk is trying to buy another election. The Wisconsin Supreme Court race is just over a month away, and Musk will spend over half a million dollars to support a MAGA extremist who wants to enforce a 175-year-old abortion ban.

Yesterday, over 80 Indivisible groups sent a letter to Governor Hochul urging her to use her power as the governor of a blue trifecta state to protect NY from Trump, including through actions like removing Adams and protecting immigrant New Yorkers.

Feb 14, 2025, 11:04 PM UTC

New Yorkers' values and safety are at risk every day he remains in office. He's gotta go. We stand with Indivisible groups and activists across New York in calling for Adams to resign or be removed.

Feb 14, 2025, 11:04 PM UTC

Not only is he announcing he will partner with the extreme, anti-immigrant bigots in the Trump administration to sell out New Yorkers and their communities. This week's revelations make clear he'll sell out anyone and anything in the hopes that he'll be spared from consequences for his crimes.

Feb 14, 2025, 11:04 PM UTC

New York City has long deserved better than the corruption, self-interest, and pathetic groveling of Mayor Eric Adams. Not only has he been indicted and routinely betrayed the public's trust through a series of criminal and outrageous scandals.

Feb 14, 2025, 11:04 PM UTC

If Eric Adams had an ounce of integrity in his body, he would have resigned long ago. He clearly does not and thus he must be removed.

This week's revelations make clear that Adams has entered into an explicit quid pro quo to do Trump's bidding in order to escape criminal corruption charges.

#QUO: getting the cabinet position of HHS Secretary ✓

www.npr.org/sections/sho...

Feb 13, 2025, 04:38 PM UTC

Putting RFK Jr. in charge of the nation's public health is a huge mistake.

When dangerous diseases resurface and people can't access lifesaving vaccines, all Americans will suffer — and RFK Jr.'s family could keep getting richer thanks to his serious conflicts of interest.

Feb 13, 2025, 02:26 PM UTC

THIS MORNING: The Senate will vote on Robert Kennedy Jr.'s nomination for HHS Secretary. Confirming this conspiracy theorist would jeopardize the health and safety of millions. Contact your senators ASAP.

RFK Jr. will not make America healthy again.

But his ignorance may make people sick again.
Deprive them of the treatment they need again.
Cause hospitals to close again.

We have to vote like our lives depend on it. Because for many Americans – it will.

Powerful analysis and leadership from Greisa Martinez Rosas of @unitedwedream.org. Read the whole thing.

Feb 13, 2025, 12:26 AM UTC

This has serious consequences for all media in our nation. If Trump is able to wield his power and influence to silence outlets, it will have a chilling effect on anyone who would consider reporting facts that the president disagrees with.

Tell Paramount and CBS to fight Trump's meritless lawsuit.

Feb 13, 2025, 12:26 AM UTC

Like the authoritarians who came before him, Trump has targeted the free press. Now he's using meritless lawsuits and the influence of the presidency to intimidate news outlets that publish facts he dislikes. ABC already settled a \$15 million suit and Paramount (CBS' parent company) could be next.

Feb 12, 2025, 11:46 PM UTC

There is nothing more important than our kids. And their chance to succeed. That's what education does. Speaking as a mom and middle school teacher, I know, knowledge is power. Protect the Department of Education.

RFK Jr. is disqualified, dangerous, and cannot be given the power to make critical health care decisions for millions of Americans.

I'm headed to the floor to put up a fight against his nomination.

This is the simple truth: citizens will always have the power to shape the future of their country.

Trump's actions are designed to make people feel powerless and overwhelmed. He wants you to tune out—a natural reaction to chaos.

Santa Barbara peeps: your town hall last Saturday was featured tonight on Rachel Maddow.

YOUR Town Hall. YOU made it happen, by showing up in person and online. By saying it loud: RESIST the Trump-Musk coup.

We at Indivisible Santa Barbara are proud to represent you.
We can do this together.

NOW: We're rallying at the Consumer Financial Protection Bureau with Sen. @warren.senate.gov, Rep. Waters, @moveon.org, @boldprogressives.org, and many more. The CFPB protects consumers from predatory practices, and we must protect the CFPB from President Musk's attempts to kill it.

Feb 10, 2025, 09:04 PM UTC

Government funding runs out on March 14. Republicans can't pass a bill alone, so Democrats have real leverage here. We're calling on Democrats to commit to withholding their votes and insist on an end to the Trump-Musk coup rampaging across the government.

Feb 10, 2025, 08:55 PM UTC

Government funding runs out 3/14. GOP can't pass a bill alone, everyone knows this. The question is if Dems will bail them out for nothing, or if they'll withhold their votes and insist on an end to the Trump/Musk coup rampaging across the government.

This, more than anything, is their leverage.

Feb 10, 2025, 05:11 PM UTC

The CFPB has returned more than \$16 billion to defrauded consumers since its creation and has acted as a watchdog over the financial services industry.

By killing the CFPB, Trump and Musk are delivering an enormous gift to Wall Street and payday lenders while leaving everyday Americans defenseless.

Feb 10, 2025, 05:11 PM UTC

Let's talk about today's rally with Sen. @warren.senate.gov and Rep. Waters. The CFPB is a critical federal agency created in the aftermath of the 2008 financial crisis. Its mission is to protect consumers from predatory practices with mortgage lending, credit cards, payday loans, and student loans.

Feb 10, 2025, 02:30 PM UTC

Congress created the Consumer Financial Protection Bureau, and no one — not the President, not Musk, not Vought — can illegally shut down its work.

If we win this election on April 1, the balance of power on the Wisconsin Supreme Court will be safe until at least 2028. This is a big opportunity to strengthen the Democratic majority

on the court! Watch this space for ways to get involved in this pivotal race to help elect Susan Crawford.

Feb 04, 2025, 07:00 PM UTC

Crawford's opponent is a MAGA extremist who wants to enforce a 175-year-old abortion ban, take health care away from millions of Wisconsinites, erase progress on workers' rights, and bring Trump's chaos to his state. Brad Schimel will put allegiance to Trump over the people of Wisconsin.

Feb 04, 2025, 07:00 PM UTC

Crawford is the pro-democracy candidate. She's served as Assistant Attorney General, in leadership roles at key state agencies, as chief legal counsel to the Governor, and as a private-practice attorney, where she represented Planned Parenthood of Wisconsin and focused on workers' and voting rights.

Feb 04, 2025, 07:00 PM UTC

With pivotal cases on abortion rights, workers' rights, and fair election maps likely to come before the court, we can't go back to a far-right Wisconsin Supreme Court that puts its political agenda over the law. Susan Crawford will protect the core Constitutional freedoms of every Wisconsinite.

Feb 04, 2025, 07:00 PM UTC

We're proud to endorse Susan Crawford in the Wisconsin Supreme Court election! Two years ago, we flipped the highest court in this battleground state — and now we must protect that majority by electing a Wisconsin-raised jurist who has dedicated her life to putting the people of Wisconsin first.

Democrats are starting to show some fight. We need to see them do this every time: Make a plan, stick together, show people that you're going to have their back — and just say no.

Before yesterday's crash, President Trump:

- Fired the heads of the TSA and the Coast Guard
- Pushed out the head of the FAA — leaving no one in charge
- Gutted a key aviation safety group
- Pushed air traffic controllers to quit as he purges the government

He's putting Americans in danger.

Jan 31, 2025, 02:42 AM UTC

Blaming diversity for a plane crash is just depraved as hell but it's obvious to me that this was an intentional distraction from the massive unlawful screw up with the federal funds freeze.

In his Senate hearings, RFK Jr. also:

promised to hire anti-abortion staff and investigate the (already proven) safety of abortion pills

vowed to rescind nondiscrimination protections for trans folks in health care

defended his past remarks pushing dangerous, anti-Black misinformation on vaccines

Jan 31, 2025, 01:09 AM UTC

You may know about his refusal to stop promoting dangerous conspiracy theories, but did you also know Robert Kennedy Jr. can't even answer basic questions about major health programs like Medicare and Medicaid that he would oversee as HHS Secretary?

Americans woke up yesterday morning not knowing if they could still get their health insurance through Medicaid, or drop their child off at daycare.

Any Republican who supports Russell Vought is voting in favor of the chaos. They will be complicit in all the cascading disasters for the American people that we got a preview of this week.

Jan 29, 2025, 08:39 PM UTC

Vought is the human embodiment of this unconstitutional OMB memo. Every Democrat should be supporting Schumer's call for him to be rescinded and committing to voting no, and Republicans would be smart to do the same.

Jan 29, 2025, 08:39 PM UTC

Within the next 24 hours, Democrats need to take concrete steps to stop or at the very least slow Trump's assault on Americans. There's one obvious step they can take now: throw everything they have into sinking the nomination of Russell Vought, the architect of this unconstitutional chaos.

Jan 29, 2025, 08:39 PM UTC

After retreating on the OMB power grab memo, the White House is already insisting they will continue with chaos, cruelty, and unconstitutionality underlying that memo. They scrapped the memo and kept the coup. We need Democratic leadership to unify the caucus against this — and fast.

Jan 29, 2025, 08:39 PM UTC

Trump blinked because people all over the country raised their voices, and Democrats fought back. It's proof that when we organize and expose the depravity of his agenda, we win.

But this fight isn't over.

Jan 29, 2025, 07:49 PM UTC

Yesterday we gave the Trump Administration a taste of what opposition to his agenda looks like. This is a *temporary* win. Do not let up. We know they will try again to take funds away from working people. Stay ready.

Jan 29, 2025, 06:35 PM UTC

Because of all of you who raised your voices and concerns, Trump backed down. Just because the decision has been reversed doesn't mean the damage hasn't been done or the threats to people is over. Let's keep the energy up and make sure the American people are paying attention.

Jan 29, 2025, 06:26 PM UTC

Americans fought back, and Donald Trump backed off.

Now Donald Trump needs to rescind Russell Vought's nomination.

Jan 29, 2025, 06:12 PM UTC

Trump and the GOP - showing their love for our veterans.

Jan 28, 2025, 08:36 PM UTC

Bullshit. The public backlash is just too much to handle.

Some might be asking if they are either liars or incompetent. They are both.

Jan 28, 2025, 08:08 PM UTC

Trump just paused all federal grants and loans. In his memo, he claimed to be “ending wokeness.”

“Wokeness” to him is attacking community health centers, Medicaid, disaster relief, child care programs, nutrition assistance programs like SNAP, WIC, and school lunch programs.

Unacceptable.

Jan 28, 2025, 07:28 PM UTC

To every Senate Dem: Shut it the fuck down. Trump’s unconstitutional chaos will kill people.

- 1 Oppose all nominees until OMB reverses the freeze.
- 2 Deny Unanimous Consent to slow Senate proceedings.
- 3 Vote no on all Cloture.
- 4 Force Quorum Calls at every opportunity.

It's time to fight.

Jan 28, 2025, 07:24 PM UTC

I’ve heard from community health centers in Minnesota who are already looking at layoffs by the end of the day. May not be able to make payroll at the end of the week.

Republicans need to grow a spine here. This isn’t a game, it’s people’s lives.

Trump’s latest power grab isn’t just unconstitutional — it’s cruel, chaotic, and catastrophic for millions of families.

Jan 28, 2025, 06:53 PM UTC

We passed a law. They don't get to force people to petition the king for mercy. We are still a democracy and this will be found illegal.

Jan 28, 2025, 06:48 PM UTC

Just confirmed that the Trump administration shutdown the Medicaid portal for Florida. There are over 3.8 MILLION Floridians on Medicaid.

Jan 28, 2025, 06:43 PM UTC

I just heard from a nonprofit in Massachusetts that helps veterans with transitional housing.

Trump's shutdown of gov funding hurts their ability to buy and prepare food for 100+ veterans.

Rent is due in 5 days. The loss of funds could mean some veterans face eviction.

Jan 28, 2025, 06:13 PM UTC

NEW: My staff has confirmed reports that Medicaid portals are down in all 50 states following last night's federal funding freeze. This is a blatant attempt to rip away health care from millions of Americans overnight and will get people killed.

Jan 28, 2025, 05:37 PM UTC

did america vote to stop suicide prevention efforts for veterans?

Jan 28, 2025, 05:30 PM UTC

We've been on the phone with multiple agencies/orgs. They've been completely cut off from federal money. We're talking housing, homeless services, public safety, etc.

I'm calling a press conference today to explain how this could have drastic local impacts to our constituents.

Jan 28, 2025, 05:25 PM UTC

My office just got a phone call from a domestic violence shelter — the only one serving multiple counties — that says they may have to close their doors if President Trump doesn't reverse course.

Jan 28, 2025, 04:27 PM UTC

Multiple states locked out of Medicaid portal. This is a Trump shutdown, except this time it's unlawful.

Jan 28, 2025, 04:23 PM UTC

While President Trump illegally pauses federal funding from Congress, the Senate must not be business as usual.

We do not consent to this lawless power grab.

Jan 28, 2025, 03:51 PM UTC

This is terrible and just the start of it. Don't like it? Tell your Senators and Rep to fight back against Trump's chaotic, cruel, and unconstitutional power grab.

Jan 28, 2025, 03:29 PM UTC

Not to be alarmist, but this is the most radical presidential action I've ever seen. He's straight up seizing Congress' budget power. What do laws matter if the mad king's whims dictate what gets enforced and where money goes?

It's not a policy memo - it's a revolution. Don't let it be a quiet one.

Jan 28, 2025, 02:17 PM UTC

In a blatantly unconstitutional power grab, Trump is freezing funding for life-saving programs like Medicaid, food and housing assistance, childcare grants, and school meals — even though that funding was already approved by Congress.

Jan 28, 2025, 01:54 PM UTC

Everything is extremely chaotic but the best info we have so far suggests that Trump's "stop funding" EO would cover:

Medicaid

ESSA funds

IDEA

Snap

School meals

WIC

Head start grants

Child care block grants

Pell grants

Student loans

Higher Ed grants

Housing vouchers

CTE

Devastating beyond words.

80% of funding from the IRA goes to GOP districts—this is just one example. Congress passed this funding. It's not Trump's to stop on a whim. This is a violation of the law and basic decency. He will put people out of work & stop programs that help pay their bills.

Immigration policy is a messaging playground for Republicans who use immigrants as scapegoats to expand their power but never offer real solutions, and Democrats should not play.

Jan 22, 2025, 10:57 PM UTC

Democrats who want to win the public's trust on immigration, who want durable and effective solutions — those Democrats need to know that Donald Trump is not a partner on that.

Jan 22, 2025, 10:57 PM UTC

Many Democrats are unhappy with the direction the Leadership is going and rightly calling out the shortsightedness of the current plan (or lack of plan).

Democrats need to start projecting a plan. Reinforcing anti-immigrant GOP messaging and handing them political wins without a fight isn't a plan.

Jan 22, 2025, 10:57 PM UTC

This was a really badly bungled first big piece of legislation for the Trump era. Democrats need to change course. They need to get back on track, otherwise the GOP will continue to bulldoze them — and people will get hurt.

Today would have marked 52 years of Roe as the law of the land. But Donald Trump packed the Supreme Court with anti-abortion extremists to get it overturned.

This week, he cut off access to reproductiverights.gov.

We must keep fighting for women's rights.

Trump's executive order is a desperate and unconstitutional overreach. By targeting the 14th Amendment, Trump has overplayed his hand, exposing the cruelty and extremism of his agenda. Yes — many voters reported caring about immigration and border security. This ain't that. Voters elected Trump to lower prices, not strip citizenship away from babies and cause absolute Constitutional chaos. There's a Grand Canyon-sized chasm between what the public supports and this MAGA agenda.

We've been saying that Trump would quickly overreach and when he did, it'd be up to us to help drive backlash. This is our first opportunity.

Whether your actions help blunt the immediate damage of this executive order, stoke backlash to it or both, depends on where you live and who represents you.

Jan 22, 2025, 07:41 PM UTC

Trump's flagrantly unconstitutional executive order to end birthright citizenship is unlikely to survive lawsuits (even with the MAGA-fication of our courts).

But for now, we must limit the damage for babies born in this country.

Then, we will maximize the political damage for Trump and the GOP. 🧵

We don't have to agree on the perfect immigration solutions to agree that this bill is wildly bad. It's cruel, unworkable, and unconstitutional. Passing it would hand MAGA a propaganda win at the worst possible moment. We cannot let that happen.

This is such a crucial point. Democrats are eschewing picking fights with Trump in favor of carefully focus-grouped messages. The implicit assumption is that those messages will reach people. They won't, because they're inauthentic and boring.

Trump returns to power on Monday and a new MAGA Congress is now in session. Join @leahgreenberg.bsky.social and @ezralevin.bsky.social tomorrow for a live discussion and Q&A session on how to prepare for what's ahead and the wave of new energy from folks who are ready to fight back. 📌

Jan 15, 2025, 10:34 PM UTC

Democrats needed to go harder and make it impossible for anyone to look away. They should be lighting up the room, tearing through the spin and exposing the dangers at every turn.

The next 4 years are going to be a fight — it's time for Democrats to show the American people they're ready for it.

Jan 15, 2025, 10:34 PM UTC

Why campaign on the dangers of Project 2025 only to barely mention it when its chief architect is sitting right in front of you? Vought's stonewalling and refusal to engage in honest dialogue prove just how far he's willing to go to serve Trump's agenda over the rule of law and the American people.

Jan 15, 2025, 10:34 PM UTC

Trump fled from Project 2025 because he knew it was a parade of politically radioactive, extremist policies. Now, he's putting the guy who authored it in charge of the entire federal budget. Senate Democrats should have obliterated Russell Vought's credibility during today's hearing.

Jan 15, 2025, 05:07 PM UTC

Russell Vought has made it clear that he will not hesitate to violate laws and norms in service of Trump. Vought would have immense power to enforce MAGA's extremist agenda if he's confirmed as OMB director. Your senators need to hear from you: act.indivisible.org/sign/oppose-...

"You've done your genuflecting to him."

Pete Hegseth refused to answer Senator Slotkin's questions about whether he would ignore an illegal order from Trump as Defense Secretary.

Jan 14, 2025, 05:41 PM UTC

Pete Hegseth is completely unqualified to be put in charge of the Defense Department. Make sure your senators hear from you: act.indivisible.org/sign/oppose-...

Jan 14, 2025, 05:34 PM UTC

"Mr. Hegseth, I do not believe that you are qualified to meet the overwhelming demands of this job. We must acknowledge the concerning public reports against you."

Pete Hegseth's hearing for Secretary of Defense has started and Senator Reed's firm leadership is the kind we're looking for.

Jan 14, 2025, 01:48 PM UTC

This is the moment for Democrats to fight back. Make sure that they know you're watching.

Jan 14, 2025, 01:48 PM UTC

We don't have to agree on the perfect immigration solutions to agree that this bill is wildly bad — and handing Donald Trump more tools to drive his mass deportation agenda, or Ken Paxton the power to set federal immigration policy, is unacceptable.

Jan 14, 2025, 01:48 PM UTC

To the nine Senate Democrats who voted the right way — Cory Booker, Mazie Hirono, Andy Kim, Ed Markey, Jeff Merkley, Bernie Sanders, Brian Schatz, Tina Smith, and Elizabeth Warren — thank you. If any of these folks are your senators, you should take a few minutes today to make a thank-you call.

Jan 14, 2025, 01:48 PM UTC

As of right now, the next vote on this bill is not yet scheduled — but it will happen soon. Democrats can make sure this bill never becomes law if 41 of them can do the right thing and vote no. Call your senators NOW and tell them to find their spines and get in formation to stop this bill.

Jan 14, 2025, 01:48 PM UTC

They're so scared to look weak on immigration that they're on the verge of greenlighting a constitutional nightmare. And Democratic leadership has made no effort to stop this bill. It's every senator for themselves right now.

That's where you come in.

Jan 14, 2025, 01:48 PM UTC

Why? Well, we'll give our honest take: The Democratic caucus is in a pretty bad place right now. A decent number of Democratic office-holders are consumed with post-loss finger-pointing and scared of their own shadows.

Jan 14, 2025, 01:48 PM UTC

And Democrats are letting it happen. Last week, the bill passed the House 264-159. 48 Democrats sided with Republicans: clerk.house.gov/Votes/20256?...

Then, last Thursday in the Senate, 33 Democrats joined all Republicans to proceed to the bill in an 84-9 vote.

Jan 14, 2025, 01:48 PM UTC

Skilled workers, students, and even families trying to reunite would be turned away — not because of anything they've done, but because MAGA needs a scapegoat.

This bill isn't about keeping communities safe — it's about stoking fear and division and handing MAGA extremists unchecked power.

Jan 14, 2025, 01:48 PM UTC

Imagine one MAGA state deciding who can live and work in the United States. That's what this bill allows.

4) It guts legal immigration

By letting courts impose blanket visa bans on entire countries, this bill risks shutting down legal immigration altogether.

Jan 14, 2025, 01:48 PM UTC

3) It hands MAGA extremists federal power

This bill gives people like Texas Attorney General Ken Paxton the ability to hijack federal

immigration policy. He could demand federal judges lock up asylum seekers en masse or block visas for doctors, engineers, or students from entire countries.

Jan 14, 2025, 01:48 PM UTC

2) It targets Dreamers and legal immigrants

Dreamers who grew up here, went to school here, and are part of our communities? Detained. Refugees fleeing violence? Detained. Even legal immigrants caught in bureaucratic limbo are swept up in this nightmare. This bill punishes everyone.

Jan 14, 2025, 01:48 PM UTC

No bail. No trial. No justice. Even if charges are dropped, or you're proven innocent, you stay locked up. That's not safety. That's state-sanctioned cruelty.

Jan 14, 2025, 01:48 PM UTC

What it would do is create chaos and a constitutional crisis that could impact millions.

Here's how:

1) It imprisons immigrants indefinitely without due process

Accused of a minor offense, like shoplifting? Not convicted — just accused? You're detained indefinitely.

Jan 14, 2025, 01:48 PM UTC

For starters, let's be honest about this bill: It has nothing to do with Laken Riley. The tragedy it's named after is being weaponized as a dog whistle to stoke fear, demonize immigrants, and advance MAGA's cruel, authoritarian agenda. This bill wouldn't protect anyone.

Jan 14, 2025, 01:48 PM UTC

Democrats can still stop this bill before it becomes law, but we need 41 of them to find their spines and do the right thing. And they're going to need to hear from you to do that.

Jan 14, 2025, 01:48 PM UTC

Last night, the Senate took another procedural step toward passing one of the most dangerous, chaotic, and cruel immigration bills in recent history — the Laken Riley Act. But this fight is far from over. 📌

We condemn the predictable attempts to use this tragedy to incite more hatred.

Jan 02, 2025, 07:09 PM UTC

Our hearts get heavier as we learn more about the victims of the horrific terrorist attack in New Orleans. We grieve for the 14 victims, the dozens of injured & everyone whose lives were altered forever.

We stand in solidarity with the people of NOLA, one of the strongest communities in our nation.

Dec 31, 2024, 06:22 PM UTC

And while others were navel-gazing, Indivisibles got right back to work organizing in their communities to safeguard our rights ahead of Trump 2.0.

We're incredibly grateful to be in this fight alongside you. Happy New Year.

Dec 31, 2024, 06:22 PM UTC

A lot of pundits and Washington insiders were expecting people like us to give up and surrender to Trump's MAGA agenda. But this past month, we've shown we're ready to fight back. Our movement is growing with thousands of people signing up to join or start local groups.

We're serious. Fascism is frightening. But self-flagellating judgment or descending into despair are not gonna help us. Our power is in our numbers, which means we have to create welcoming, fun, caring, impactful communities for folks to join.

When it comes to media, identify the journalist you trust and like, and amplify them (or if they're independent, start signing up and paying for their work).

And we need platforms for communicating the truth and with each other. There are easy steps you can take: Like leaving Twitter for good.

Dec 31, 2024, 06:22 PM UTC

Yes, we have plenty of problems with the anticipatory obedience from the likes of the management and ownership of places like the Los Angeles Times, New York Times, Washington Post, and ABC News. But we need to engage, trumpet and support journalists with a pro-democracy bias.

Dec 31, 2024, 06:22 PM UTC

4 Support your independent media and social media

The media environment has been deteriorating for years. And with Trump taking office and

corporate owners rushing to kiss his ring, It's about to get a lot harder to be a good journalist in this country.

Dec 31, 2024, 06:22 PM UTC

In the most poetically unjust coincidence in recent memory, Inauguration Day falls on MLK Day this year. Well, MLK Day is traditionally a day of service. And we're encouraging Indivisible groups across the country to use that day to connect with their own communities. 🖐️

Dec 31, 2024, 06:22 PM UTC

MAGA wants to pick us off one-by-one as they dismantle our democracy and hand the federal government over to their billionaire buddies. But their strategy has an Achilles' Heel — it doesn't work if we stick together.

Dec 31, 2024, 06:22 PM UTC

3 Connect with those under threat

Trump has promised to be a dictator on day one, to go after immigrant families, trans kids, and other marginalized communities. The Project 2025 agenda is a divide and conquer gameplan.

2 Build something local

For the time being, we still live in a representative democracy. That means your elected officials at the local, state, and federal levels still wake up every morning worrying about what their constituents think. And that gives you power — if you organize and apply it.

Dec 31, 2024, 06:22 PM UTC

1 Seek out community

Now, we obviously hope that means you'll join (or form) an Indivisible group:

We could write a 1,000-part thread about President Carter's humanitarian work and all the things he did to improve our country and world. We're fortunate that such an extraordinary life was devoted to public service for so long.

Dec 29, 2024, 09:54 PM UTC

Ruth Bader Ginsburg and Stephen Breyer weren't federal judges until they were appointed by President Carter. Despite being the only president not to have a Supreme Court vacancy during their time in office, he reshaped our legal system in a uniquely American way.

Dec 29, 2024, 09:54 PM UTC

President Carter appointed 40 women and 57 people of color to the federal courts. Before he took office, only eight women and 31 people of color had ever been confirmed as federal judges in the history of our country. (Yes, you read that right!)

Dec 29, 2024, 09:54 PM UTC

But Carter's most lasting legacy might be his impact on our federal judiciary. President Carter's efforts to diversify the federal bench echo in President Biden's historic work to make the legal system more representative of our country.

Dec 29, 2024, 09:54 PM UTC

Long after he left public office, President Carter continued to be relied on by leaders of both parties for his expertise on human rights and diplomacy. Because he was never afraid to advocate for what was right — no matter what the data from polls or focus groups said.

Dec 29, 2024, 09:54 PM UTC

The Department of Education exists because President Carter fulfilled a campaign promise to elevate the federal government's role in public education. Despite almost every GOP president's promise to end it, the Education Department continues on as a Carter Administration legacy.

Dec 29, 2024, 09:54 PM UTC

President Carter campaigned on establishing a national health insurance plan. His proposed National Health Plan served as a guide for President Obama's administration when the Affordable Care Act was signed into law three decades later.

Dec 29, 2024, 09:54 PM UTC

He helped elevate climate change to a national priority. President Carter urged Americans to reduce our reliance on foreign oil, introduced a nationwide renewable energy plan, and had solar panels installed at the White House.

Dec 29, 2024, 09:54 PM UTC

President Carter was ahead of his time. On climate change, health care, public education, international diplomacy and judicial appointments, he moved our country forward and set the foundation for so much of the progress we've won in recent decades.

Dec 29, 2024, 09:54 PM UTC

Today we mourn a giant in public service, Democratic politics and American life. Jimmy Carter embodied the American dream: the son of a nurse, he grew up on a dirt road and relied on public housing before becoming a peanut farmer and being elected President of the United States.

Don't give an inch. Let them take the blame. Then we'll take the House. Game, set, match.

Because Democrats caved to a right-wing smear campaign, this obviously brilliant lawyer won't serve our nation as a federal judge. Instead, Trump will get to fill this lifetime appointment with a MAGA judge who will work to defeat Democratic policies for decades.

Dec 12, 2024, 12:19 AM UTC

In a few weeks, Republicans will have just a single vote margin in the House. If Democrats want to seize that opportunity to force Republicans to own their toxic agenda, that will require Democratic leadership that is willing to rally the caucus against MAGA cruelty.

Dec 12, 2024, 12:19 AM UTC

You would think such a bad faith maneuver would be met with a forceful response from Democrats, and yet Leader Jeffries did not even whip on the bill and 81 Democrats voted for it on the floor (including Jeffries himself). Not good enough.

Dec 12, 2024, 12:19 AM UTC

More Democrats are waking up, but we will need to keep pushing for our elected officials to fight back against the incoming Trump administration: indivisible.org/guide

Nov 21, 2024, 05:09 PM UTC

This isn't the result we wanted but the fight isn't over — we will continue to organize against this nonprofit killer bill in the Senate.

Pressure still works. In a week, you made 13,000 calls & convinced dozens of Democrats to flip their vote and join our side in voting no on H.R. 9495. Thank you.

Nov 21, 2024, 04:50 PM UTC

Rep. Hayes is one of the dozens of Democrats who flipped from voting YES last week to voting NO today. It's good to see that so many representatives listened to their constituents' calls against H.R. 9495.

Nov 21, 2024, 04:40 PM UTC

And here are the 34 Democrats who flipped their votes from yes to no after hearing from you. If you made a call asking them to vote no, it'd be a great morning to call and say thank you! 🥳

Nov 21, 2024, 04:38 PM UTC

It appears that Brave Sir Josh Gottheimer skipped the vote 🙄

Nov 21, 2024, 04:35 PM UTC

This happened in 2016, too. For the first few weeks after the election, Democrats were freaked out and rudderless. Then the grassroots showed up, let 'em have it, and Dems got in formation.

Is it incredibly annoying that we have to do this again? Yes! Is it completely doable? Also yes!

Nov 21, 2024, 04:27 PM UTC

Here are the 15 Democrats who voted yes on #HR9495 to give Trump the power to go after nonprofit organizations he disagrees with. If one of them is your representative, make sure you call & tell them you were watching & extremely disappointed in their vote.

That's where we come in. Email your representative and demand the immediate release of the Gaetz report.

Nov 15, 2024, 02:10 PM UTC

Matt Gaetz was accused of sexual misconduct, drug use, and improper interactions with lobbyists during his time in Congress.

The House investigated these allegations, but Trump's pick for attorney general really doesn't want you to see the bipartisan report.

We put together a new guide and our groups are getting ready to fight back in almost every congressional district. Invest in our movement and help us build the local power we need to defy Trump's dangerous agenda.

Nov 15, 2024, 02:44 AM UTC

Trump is going to use his power to attack our basic rights, undermine our institutions, and target the most marginalized groups.

And we will be organizing to resist him at every turn — because our freedoms, our future, and our democracy are worth fighting for.

Seems like they should already know to do this, right? But Sen. Elizabeth Warren said last

night on the Indivisible call that it helps a lot, and is extremely valuable for them to hear from us.

Matt Gaetz doesn't belong at the helm of the Justice Department. He belongs as far away from it as possible — preferably in a jail cell.

Nov 14, 2024, 12:41 AM UTC

Gaetz's loyalty to Trump is fueled by their shared contempt for accountability and the rule of law. Under Gaetz, we're looking at a DOJ twisted into Trump's personal hit squad — a DOJ that punishes civil servants and steamrolls justice for Trump's petty grievances.

Nov 14, 2024, 12:41 AM UTC

...and has been publicly denounced by former Speaker Kevin McCarthy, who said he 'doesn't hang around with pedophiles.' This is the man Trump wants as our nation's top law enforcement officer.

Nov 14, 2024, 12:41 AM UTC

Gaetz's track record should disqualify him from any public office, let alone one with the power to prosecute and protect. He's allegedly shown videos of his 'conquests' to colleagues on the House floor, boasted about crushing erectile dysfunction pills with energy drinks to 'go all night,'...

Nov 14, 2024, 12:41 AM UTC

This is a man who's been investigated for sex trafficking a minor, attended drug-fueled parties with underage girls and is still under House Ethics investigation for sexual misconduct. This isn't just a reckless choice; it's a calculated move to turn the DOJ into Trump's personal revenge squad.

Nov 14, 2024, 12:39 AM UTC

For fuck's sake...

Putting Matt Gaetz in charge of the Department of Justice is like handing a matchbook to an arsonist and asking him to protect the forest.

Nov 14, 2024, 12:30 AM UTC

Senate Minority Whip John Thune was elected the next Senate Republican leader, defeating a MAGA-backed candidate

Nov 13, 2024, 04:24 PM UTC

Only the overbuilt fire is appropriate to the moment.

Nov 13, 2024, 03:00 PM UTC

This is the way we'll make it through Trump 2.0. By staying vigilant, sticking together, and demanding our lawmakers hold the line every time. This was a first, early test — and we passed.

Nov 13, 2024, 03:00 PM UTC

Instead of rubber stamping this Trump power grab, enough Democrats voted against it, and the bill failed. Trump and his MAGA enablers depend on being granted more power than they actually hold. And our democracy depends on enough of us saying 'hell no,' at every level of government.

Nov 13, 2024, 03:00 PM UTC

Indivisibles contributed thousands of calls to their elected representatives in Congress in the hours before the vote. And champions in the House, like Rep. Doggett, furiously began shaking their colleagues awake.

Nov 13, 2024, 03:00 PM UTC

But then something really significant happened. Dedicated advocates got to work, and rang the alarm bells — loudly. Reporters started tuning in, and organizations committed to opposing Trump's fascism reached out to Democratic congressional offices. Constituents hit the phones.

Nov 13, 2024, 03:00 PM UTC

Advocacy still works, y'all.

H.R. 9495, which would have handed Trump new powers to unilaterally go after his political opponents, was on a glide path through the House. Republicans were lined up to support it and Democrats, frankly, had been asleep at the wheel and were poised to rubber stamp it.

Nov 13, 2024, 02:02 PM UTC

Nov 13, 2024, 12:38 AM UTC

Indivisible started at this exact moment in 2016. Our movement was built to oppose Trump, and we did — fighting back against his extreme agenda, saving Obamacare, and kicking

Trump out of power in 2020. Now we organize to do it again. Please invest in our movement and help us defend our democracy.

The House will vote TODAY on a bill that would give the incoming Trump administration unchecked power to target civil society institutions that stand in the way of his authoritarian agenda. Please call your representative ASAP and tell them to vote no on H.R. 9495.

Nov 12, 2024, 08:05 PM UTC

"I do not know why, on the first day that Congress comes back into session after Donald Trump wins the election, that you would have Democrats in Congress voting to give him more power to go after his enemies. That is bonkers to me." - Ezra on H.R. 9495

Nov 12, 2024, 06:06 PM UTC

But if we want to make sure we defeat it, your Member of Congress needs to hear from you ASAP. Call your representative and tell them to vote no on H.R. 9495. 🇺🇸

Nov 12, 2024, 06:06 PM UTC

This bill requires no oversight. No due-process. No justification. In Trump's hands, it would be a weapon of mass destruction against dissent.

We have joined 120 civil society groups urging opposition to H.R. 9495.

Nov 12, 2024, 06:06 PM UTC

H.R. 9495 would allow Trump's Treasury Department to label any not for profit organization — think tanks, human rights groups, civil liberties orgs, universities, student groups, even Indivisible — a "terrorist supporting organization" and strip it of its tax-exempt status.

Nov 12, 2024, 06:06 PM UTC

 TODAY: The House is going to vote on a bill that would give the incoming Trump administration unchecked power to target civil society institutions that stand in the way of his authoritarian agenda.

Oct 31, 2024, 12:00 AM UTC

Trump and MAGA Mike Johnson are telling us their plan loud and clear: Dismantle the Affordable Care Act, deny coverage for pre-existing conditions, and roll back our health care. It's up to us to stop them.

Everyone deserves access to safe, timely medical care. We must mobilize to ensure there aren't more tragedies like Josseli. Use our "Donald Did This" toolkit to spread the message about the very real impact of these choices. app.sosha.ai/toolkit...

Oct 30, 2024, 10:00 PM UTC

Josseli's death is a stark reminder of the consequences that arise from allowing politicians to dictate medical care. Republicans would rather force patients to suffer and die than ensure access to life-saving abortion care. This is the legacy of MAGA & it will only worsen if Trump wins next week.

Oct 30, 2024, 10:00 PM UTC

For THREE agonizing days, they delayed providing essential care, while Josseli's condition worsened, leading to a preventable infection. This is not just a bureaucratic failure; it is a catastrophic disregard for a woman's life.

Oct 30, 2024, 10:00 PM UTC

In Texas, a new devastating abortion ban had just taken effect. Josseli's doctors hesitated to treat her miscarriage, fearing potential legal repercussions that could destroy their careers and put them in prison.

Oct 30, 2024, 10:00 PM UTC

Josseli Barnica was just 28 years old when she died because of Texas' MAGA abortion ban. After experiencing a miscarriage, Josseli went to the hospital seeking medical care, only to find herself in a nightmare scenario that would ultimately cost her life. 🧵

Oct 30, 2024, 09:10 PM UTC

We can't afford any more MAGA justices. Don't let Trump appoint judges who will roll back our rights—vote for Kamala Harris.

Oct 30, 2024, 07:29 PM UTC

Josseli Barnica should still be alive. She should be holding her daughter, surrounded by family and love. But a lack of proper care cost her everything. This isn't just a headline—it's a tragedy no family should endure.

Oct 22, 2024, 01:55 AM UTC

We're *SO* close to winning a Democratic majority that will enshrine reproductive freedom, democracy reform, and a bold economic agenda to help working families.

We're also terrifyingly close to a loss that puts Project 2025's architects in office and us back in a desperate fight for our democracy.

Trump's ground game is incredibly weak — and ours is strong! We have a plan (not just a concept of a plan) to get Kamala Harris into the White House with a Democratic Congress to pass her agenda. We have tens of thousands of people volunteering without the promise of \$1 million from Elon Musk.

Oct 21, 2024, 10:04 PM UTC

Only two weeks left and Kamala Harris is campaigning on her plans to make our lives better!

Donald Trump is doing something else.

Oct 21, 2024, 09:30 PM UTC

We decide what comes next for our families and our futures this November. We're not going back.

Oct 21, 2024, 08:15 PM UTC

For your own mental health and for the good of this campaign, accept that the race is extremely close and focus on contacting voters. That's the winning play.

Oct 21, 2024, 08:15 PM UTC

We're not losing. And Trump and his MAGAs are actively building a sense of inevitability so they can turn around and deny the results after they lose. Our practical advice is simple: Don't help them.

Oct 21, 2024, 04:05 PM UTC

Polls don't decide elections, people do! The organizing work we do over the next 15 days will determine the outcome of this election. We put together a one-stop shop with all the ways you can get involved and help us win. No matter where you live, you can make a difference: allinforharris.org/a...

Oct 17, 2024, 09:40 PM UTC

JD Vance and Trump are leading the charge to ban abortion, and we can't let them win. Learn more about Vance's record and how you can fight back before it's too late.

Oct 17, 2024, 09:40 PM UTC

Project 2025 is extreme, and Vance is all in. He even wrote the foreword for a book by Project 2025's architect. Trump picked him as his VP for a reason, Vance will help him dismantle reproductive rights across the country.

Oct 17, 2024, 09:40 PM UTC

But don't be fooled—Vance wants a total abortion ban. He's voted against protecting IVF, skipped a vote on contraception, and is a huge supporter of Project 2025.

Oct 17, 2024, 09:40 PM UTC

The only time Vance pretends to care about public opinion is when it serves his political ambitions. He reluctantly supports exceptions for rape and incest—but only because he knows voters demand it.

Oct 17, 2024, 09:40 PM UTC

Vance knows how unpopular his views are, but he doesn't care. After Ohio voters passed a ballot measure protecting abortion, he called it "sociopathic" and vowed to undermine it at the federal level.

Oct 17, 2024, 09:40 PM UTC

He's gone even further, comparing abortion to slavery and calling it "not normal" to care about abortion rights. He even suggested the federal government should crack down on people crossing state lines for abortion care.

Oct 17, 2024, 09:39 PM UTC

Vance admits voters don't trust him when it comes to reproductive rights, and it's easy to see why: He's backed a national abortion ban, pushed to weaponize the Comstock Act to restrict abortion pills, and promised to go to war with Planned Parenthood if he and Trump win.

Oct 17, 2024, 09:39 PM UTC

JD Vance loves to lie—especially about abortion. That's why we added him to our resource on how the MAGA ticket is responsible for the abortion access crisis. Let's break down Vance's extreme record. allinforharris.org/d...

Trump has vowed to be even more brazen if given a second term.

Can you imagine the judges he would appoint—and cover up for—if we give him the chance?

Oct 10, 2024, 07:41 PM UTC

Four years later, that nominee—Brett Kavanaugh—helped deliver on Trump's promise to overturn *Roe v. Wade*, ripping away bodily autonomy from nearly half the country.

Oct 10, 2024, 07:40 PM UTC

So let's recap: A man who bragged about "grabbing women by the pussy," and has been found liable for sexual assault, abused his presidential powers to shut down an FBI investigation and push through his chosen nominee.

Oct 10, 2024, 07:39 PM UTC

Despite the serious accusations, many GOP senators said they trusted the FBI to investigate. They then voted to confirm Kavanaugh, assuring the public the process was fair.

Now we know the truth: Trump's White House muzzled the FBI, cutting it off from information provided by the public tip line.

Oct 10, 2024, 07:38 PM UTC

Trump's pick for the empty SCOTUS seat? Brett Kavanaugh—known for his anti-abortion stance and publicly accused of sexual assault by multiple women.

Just like Trump.

Oct 10, 2024, 07:37 PM UTC

 Few things highlight Republicans' disregard for fairness and the rule of law like this story.

When Justice Kennedy retired, he left a swing seat on the Supreme Court. Kennedy supported abortion rights, but Trump had a plan: nominate only Justices who would "automatically" overturn Roe v. Wade.

Oct 10, 2024, 03:55 PM UTC

The Supreme Court is back in session — and the MAGA justices cannot be allowed to keep ruling on cases related to Trump (especially with a potential election challenge looming next month). Email your senators and tell them it's time to rein in this corrupt SCOTUS!

Oct 10, 2024, 01:22 PM UTC

Can you chip in to help us finally defeat one of the worst Members of Congress?

Oct 10, 2024, 12:44 AM UTC

Our organizing on the ground in Texas is as grassroots as grassroots can be. There's no big donor waiting in the wings to make this happen. We're pushing forward now because time is of the essence, and we're guessing there are enough people out there who want to defeat Ted Cruz as much as we do.

If you're in a position to give, please chip in today to support our nationwide work to restore reproductive freedom for every American.

Oct 09, 2024, 10:21 PM UTC

With 27 days left until Election Day and voters already casting their ballots across the country, this is our moment. Grassroots organizing is how we're going to win, and grassroots support is how we're going to fund it.

Oct 09, 2024, 10:20 PM UTC

And we shouldn't have politicians (elected or in robes) making personal medical choices for us.

But the future we deserve is within reach. We're so close to leaving this nightmare behind us.

Oct 09, 2024, 10:20 PM UTC

We shouldn't have to dread each new Supreme Court session. We shouldn't need to worry about the fresh hell these justices are going to unleash upon us. We shouldn't have our pregnancies surveilled by state governments. We shouldn't be forced to cross state lines to access essential care.

Oct 09, 2024, 07:42 PM UTC

As Florida braces for Hurricane Milton, and the region continues to recover from the impact of Helene, Trump and MAGA extremists are endangering more lives by spreading dangerous disinformation. Every American should condemn this extremely reckless behavior.

The only way to stop them is to vote for Democrats who will protect our reproductive freedom nationwide. The stakes of this election are literally life and death.

Oct 07, 2024, 10:08 PM UTC

Oct 02, 2024, 02:44 AM UTC

If we want to continue to have a democracy, we have to defeat Trump — and we must also defeat the MAGA Republicans in key states who undermined public trust in our election

results on Trump's behalf, voted against certifying the elections, and tried to stop President Biden from taking office.

Oct 02, 2024, 02:34 AM UTC

Trump told us in 2024 that if defeated, he intends to try to block the results again. We need to believe him!

Oct 02, 2024, 02:34 AM UTC

Only a wannabe dictator would sow doubts about election integrity, preemptively declare the contest rigged, work to suppress the vote, and then imply they may not comply with the results. Trump showed us in 2016 who he is and in 2020 what he's capable of.

Oct 02, 2024, 02:21 AM UTC

We're not going back.

Oct 02, 2024, 02:18 AM UTC

Trump continues to call for the repeal of the Affordable Care Act as part of his crazed vendetta against anything associated with President Obama. If elected, Trump and Vance would strip health care from millions of Americans, and leave our community hospitals underfunded and at risk of closure.

Oct 02, 2024, 01:53 AM UTC

'Leave it to the states' means greenlighting the most extreme abortion bans and denying equal protection under the law to pregnant people. Our rights should never depend on our zip code, but MAGA Republicans have ruthlessly blocked every attempt in Congress to safeguard our rights nationwide.

Oct 02, 2024, 01:51 AM UTC

Gov. Walz wants to make reproductive freedom the law of the land nationwide so everyone can make decisions about their own health, families and futures without political

interference. JD Vance wants the opposite: MORE political interference in our life choices and less freedom over our own bodies.

Oct 02, 2024, 01:35 AM UTC

Trump's tax policies cost working families thousands in increased prices, all to pay for tax cuts for corporations and the ultra-rich. And now through Project 2025, Republicans want to make those tax cuts permanent.

Oct 02, 2024, 01:22 AM UTC

It's a shocking, cynical betrayal of our country and our future, all to line his own campaign coffers and legal defense fund.

Oct 02, 2024, 01:22 AM UTC

In exchange for gutting environmental regulations, slashing support for electrification, and dramatically expanding fossil fuel permits, Trump has demanded Big Oil executives donate billions of dollars to support his campaign.

Oct 02, 2024, 12:21 AM UTC

As always, we've got you covered with complete coverage of tonight's VP debate. We're looking forward to watching Coach Walz tell the American people why we can count on Kamala Harris and Democrats to fight for us and our families! It's time to move on from Trump (and his MAGA minion JD Vance).

Netanyahu's increasingly escalatory strategy has caused massive loss of civilian life and put the entire region teetering on the dangerous brink of full blown war. The Biden administration must assertively pursue de-escalation through diplomacy.

Oct 01, 2024, 07:43 PM UTC

Regional escalations like we're seeing today are exactly what ceasefire advocates warned would come from months of permissive policies towards Netanyahu's brutal war in Gaza.

He has repeatedly rejected and actively undermined peace talks that could have led to a ceasefire and hostage release deal.

Oct 01, 2024, 07:42 PM UTC

And civilians in Israel, Gaza, Lebanon and elsewhere across the region will face the steepest cost. Such a war also risks the safety of US forces stationed in the region, and we must avoid being directly pulled into a broader conflict with Iran.

Oct 01, 2024, 07:42 PM UTC

The increased violence across the border between Israel and Lebanon is deeply distressing. Reports of Iran-backed forces launching missile strikes into Israel are frightening, and we condemn these attacks. A regional war does not make anyone safer.

Republicans know their abortion bans create fear and legal uncertainty, even in life and death situations. That's their goal — the GOP would rather women die than access essential abortion care free from judgment or criminalization.

Sep 17, 2024, 11:19 PM UTC

We need your help to reach as many voters as humanly possible and win in November! Please support our nationwide organizing to preserve our democracy. 📌

Sep 17, 2024, 11:18 PM UTC

Seven weeks from right now, polls will be closing in the 2024 election. The work we do over these next 49 days will determine whether we return to the fear and chaos of Trump or continue making historic progress by electing Kamala Harris.

Sep 17, 2024, 08:09 PM UTC

We commend Senate Democrats for taking decisive and strategic action by bringing this bill for a vote. Between now and November, we'll make sure every single voter sees through Republican bullsh*t and knows they voted against IVF protections today.

Sep 17, 2024, 08:09 PM UTC

Millions rely on contraception and IVF to build their families and lives, including Governor Walz who has shared his family's struggles with fertility. These rights are fundamental and widely supported, and Republicans are straight up trying to take them away. It is not only weird — it's dangerous.

Sep 17, 2024, 08:09 PM UTC

As attacks on reproductive rights intensify, including MAGA efforts against contraception, we can't let our guard down.

We proudly support Majority Leader Schumer and Democrats for not only standing up for these fundamental rights, but continuously calling out their GOP colleagues' blatant lies.

Sep 17, 2024, 08:08 PM UTC

When Republicans send mixed messages on TV and online, look at their voting records. They've consistently voted against protecting personal freedoms — from access to abortion and contraceptives to IVF. For decades, they've chipped away at reproductive rights, and it's only gotten worse with Trump.

Sep 17, 2024, 08:07 PM UTC

Today, every single Republican Senator had a clear chance to protect IVF, something they claim to support, but nearly every single one of them refused. There's no reason to believe their words when we can see their actions.

Sep 17, 2024, 08:07 PM UTC

Majority Leader Schumer put Republicans to the test, and they failed. Trump and the GOP have been scrambling to hide their unpopular, outdated views on reproductive rights, but they're not fooling anybody. 🧵

But Missouri WILL vote on abortion, and we WILL elect a Democratic trifecta that ensures reproductive freedom is the law of the land nationwide.

On January 6th, Trump incited his followers to attack the U.S. Capitol to delay the peaceful transition of power. Responsibility for that stain on our history lies directly at the feet of one man, Donald Trump, and tonight he's refusing to express a single regret:
majorityovermaga.org/project2025

Sep 11, 2024, 01:48 AM UTC

In exchange for gutting environmental regulations, Trump has demanded Big Oil execs donate billions of dollars to support his campaign. It's a shocking, cynical betrayal of our country and our future, all to line his own campaign coffers/legal defense fund.

Sep 11, 2024, 01:35 AM UTC

Donald Trump wants to separate American families.

Sep 11, 2024, 01:26 AM UTC

A lotta nonsense coming out of Trump's mouth but here's what you need to know: He refused, twice, to say he'd veto a national abortion ban.

Sep 11, 2024, 01:20 AM UTC

Republicans worked relentlessly for decades to overturn Roe. Trump proudly delivered that victory for them, then thanked 'his' justices on the Supreme Court who made it happen:

We don't need to guess what a second Trump administration would look like. It's all been spelled out in Project 2025, a memo pulled together by Trump's allies and boosters that outlines how they'll pursue their most bigoted, hate-filled goals. Get the facts:

Thanks to Trump's fiscal mismanagement, everyone thought we were headed for a recession. Instead, under the Biden-Harris Administration, we've had one of the greatest

You can make a difference in this election no matter where you live or how much time you've got to help out between now and November 5: majorityovermaga.org/what-you-can-do

But the truth is, we all have a role to play in making sure voters and potential voters understand what's at stake. So, while VP Harris makes her case to the American people from the debate stage, we have to do the same on doorsteps, over the phone, via postcards, and more.

Sep 11, 2024, 12:16 AM UTC

And for those of us who are tired of the nasty, extreme politics of MAGA, Kamala Harris will offer a brighter future. One where we restore abortion and voting rights, take on the gun violence epidemic, and build an economy that works for all of us and not just the rich and powerful.

Sep 11, 2024, 12:16 AM UTC

You can bet you'll hear more lies, personal attacks, and incoherent rants from Trump. If he's coherent at all, you'll hear him dissemble his record on abortion and endorse everything in Project 2025 while claiming he's never heard of it.

Sep 11, 2024, 12:15 AM UTC

While we can't say for certain how tonight's debate will go, we can make some pretty good guesses. 🧵

Sep 10, 2024, 11:38 PM UTC

That's why we're hard at work with programs designed to get through to the potential voters who are hardest for candidates and their campaigns to reach. It's crucial organizing

in an election that will be decided by the slimmest of margins. Please support our nationwide work if you can!

Sep 10, 2024, 11:37 PM UTC

We're about to see Kamala Harris and Donald Trump on the same stage and voters will get a clear comparison between the visions they're offering. But VP Harris can't draw the contrast in this election on her own.

We've got a plan to reach the voters we need to reach to win in November. If you can, chip in to support our nationwide organizing work to end Trump's political career and elect Kamala Harris.

Aug 01, 2024, 12:11 AM UTC

Trump is desperate. All the momentum he once had in this election is gone. That's why he's ratcheting up the racist and sexist attacks against the VP. But this isn't 2016. Our movement isn't going to let Trump hate and lie his way back into the White House.

Jul 31, 2024, 10:45 PM UTC

Most Americans are sick of this sh*t. They reject Trump's racism and repulsive lies. They don't want GOP abortion bans, a bloody insurrection, or a wannabe dictator. We cannot wait to elect Kamala Harris in November and make history (and send Trump and MAGA extremism back to the dustbin of history).

Jul 31, 2024, 07:00 PM UTC

No more US weapons for Netanyahu's war. Our government must use every ounce of leverage to finalize the ceasefire deal that's on the table and stop the killing. Email your Members of Congress and urge them to push for a desperately needed ceasefire. act.indivisible.org/...

President Biden and Vice President Harris have joined the calls for Supreme Court reform! Now we need the Senate to take action against the corrupt SCOTUS. Email your senators and tell them it's time to pass legislation that will hold this MAGA Court accountable. act.indivisible.org/...

Jul 31, 2024, 02:00 PM UTC

We're excited to help this battle-tested progressive defeat a MAGA extremist in November and get to work in the Senate to restore reproductive freedom for every American.

Jul 31, 2024, 02:00 PM UTC

Congratulations to Ruben Gallego on his win in the Senate primary! Ruben has won broad support from across all wings of the party because his message and appeal extends to Democrats and independents alike who are repulsed by MAGA Republicans like Kari Lake.

Trump is distancing himself from Project 2025 because people finally found out about how bonkers it is.

But at least 140 people who worked for Trump in the past were involved in crafting the platform.

It embodies everything he stands for.

Keep talking about it.

Iowa's extreme abortion ban took effect today, restricting care before many even know they're pregnant. GOP abortion bans like this are only possible because of Donald Trump and his MAGA Supreme Court.

Jul 29, 2024, 07:41 PM UTC

And this is how you can help fight back.

Jul 29, 2024, 07:40 PM UTC

We read all 900 pages of Trump's Project 2025 so no one else has to.

This is everything you need to know about MAGA extremists' playbook for Trump's return to power: majorityovermaga.org/project2025

Here's the TL;DR version: majorityovermaga.org/25things

Jul 29, 2024, 05:31 PM UTC

The idea that presidents should have the powers of kings is not only wrong, it's also wildly unpopular. Let Republicans put themselves on the record against the Not Above The Law Amendment. Their voters should know where they stand on democracy.

Jul 29, 2024, 05:31 PM UTC

Term limits and an enforceable code of ethics are a critical first step, but they must be just the first of many reforms to restore legitimacy to the court. President Biden is right to take action to replace basic restrictions on presidential immunity.

Jul 29, 2024, 05:31 PM UTC

The Supreme Court is plagued by unethical, corrupt justices and a conservative supermajority intent on furthering the MAGA agenda from the bench. No one solution can fix all of that.

Jul 29, 2024, 05:30 PM UTC

This is a shift that's going to have consequences in a very good way. The ball is now in Congress' court to step up and legislate on this. They must follow Biden's lead and respond to the crisis on the Supreme Court with the urgency that this moment requires.

Jul 29, 2024, 05:29 PM UTC

Today's announcement is a very big first step from President Biden, who has historically been on the conservative edge of the party on court reform. It puts court reform in the mainstream, at a time when the public is more aware and outraged than ever at the MAGA justices' oversteps and corruption.

This unwelcome greeting should be further evidence that the administration should use more leverage, including halting all offensive weapons transfers, to secure an immediate ceasefire. Perhaps Netanyahu will have time to agree to the deal after his stay at Mar-a-Lago.

Jul 24, 2024, 07:18 PM UTC

The Biden Administration has laid out a framework for a ceasefire, and every day that Netanyahu continues to sabotage the peace efforts is another day of destruction, starvation, and death.

Jul 24, 2024, 07:18 PM UTC

Netanyahu's address to Congress today was a shameful blend of warmongering, lies, and cynical self-promotion. He should never have been given this platform, and it's right and appropriate that nearly half the Democratic caucus declined to attend and be used as political props.

Jul 24, 2024, 05:03 PM UTC

No more US bombs should be sent to be dropped on Gaza, and the US must use every ounce of diplomatic pressure available to secure an immediate ceasefire, now.

Jul 24, 2024, 05:03 PM UTC

Rather than dignifying a man perpetuating a brutal onslaught and humanitarian crisis, our elected leaders should be pressuring him to take the peace deal that's on the table.

Jul 24, 2024, 05:03 PM UTC

For months, we have been calling on members of the House and Senate to say 'No to Netanyahu,' to sit out his speech, and to demonstrate their support for an end to the slaughter and starvation, and reuniting every hostage with their loved ones.

Jul 24, 2024, 05:03 PM UTC

In Gaza, Netanyahu is waging a disastrous military campaign of slaughter and famine. In Israel, he's an anti-democracy mini-Trump who's prolonging bloodshed to stay out of prison. In America, we're supposed to greet him as a statesman? We don't think so.

Despite being VP, most Americans know very little about Vice President Harris. There are moments of major breaking news when you have folks' attention. This is one of those

moments and we need to seize it.

Jul 21, 2024, 11:03 PM UTC

Based on the grassroots enthusiasm we've already seen today, we think that's achievable if enough folks step up and donate. 🙌

The GOP convention showed us a modern Republican Party that is united in its extremism and fealty to Donald Trump.

And Trump showed us a candidate we can beat.

Jul 19, 2024, 02:04 PM UTC

If you listened to Trump last night, you didn't hear many plans to make Americans' lives better. That's because the GOP agenda is extremely unpopular. It's up to us to make sure voters know the truth about MAGA extremism: www.majorityovermaga.org/what-you-can...

Jul 19, 2024, 03:40 AM UTC

Crime has reached historic lows.

But that doesn't fit the MAGA agenda of stoking fear of our cities, so instead Republicans just make things up about a crime epidemic that isn't happening.

Jul 19, 2024, 03:30 AM UTC

FACT CHECK 📌

Jul 19, 2024, 03:22 AM UTC

Trump wants you to pay more so he can cut taxes for his wealthy campaign donors.

Jul 19, 2024, 03:19 AM UTC

Yes, like our abortion rights.

Jul 19, 2024, 03:10 AM UTC

We know that a realistic, science-driven approach to combating the climate crisis is key as we look towards the future.

Trump doesn't understand or care about the science and says that windmills cause cancer.

Jul 19, 2024, 02:56 AM UTC

"I certainly would like abortion to be illegal nationally." - JD Vance

Trump's VP pick also said a national abortion ban was needed to stop George Soros from flying "Black women" to California for abortions.

Jul 18, 2024, 03:23 AM UTC

Trump chose Vance because he sees him as a loyal, sycophantic servant who will help him make Project 2025 a reality.

And he has every reason to think so.

Jul 18, 2024, 03:11 AM UTC

JD Vance is a multi-millionaire who wraps himself in the mantle of the working class while trying to raise your taxes.

Jul 18, 2024, 02:57 AM UTC

This is Trump's Project 2025 running mate. Vance has already made it clear that he's in alignment with the goal of remaking and weaponizing the federal government under GOP rule, and he has deep connections to the authors of Project 2025.

Jul 18, 2024, 02:47 AM UTC

Trump isn't trying to balance the GOP ticket — JD Vance is just as extreme as him.

Jul 18, 2024, 02:14 AM UTC

He becomes the only convention speaker who has ever begged their father to stop an insurrection.

Jul 18, 2024, 12:42 AM UTC

Trump sees Vance as his best bet to make the dystopian vision of Project 2025 a reality.

It's up to us to make sure that doesn't happen. Chip in to support our nationwide organizing work to win in November.

Jul 18, 2024, 12:41 AM UTC

It's important to understand that Trump didn't pick JD Vance to help him win this election. Trump picked Vance because he wants a sycophant willing and able to help him pass his extreme agenda if he's reelected.

Another Republican putting their career ahead of the country.

Jul 15, 2024, 08:24 PM UTC

Vance's evolution from MAGA critic to MAGA minion sums up the GOP under Trump. By selecting an election denier, Trump is betting on Vance being the VP who oversees the implementation of Project 2025.

We must organize to stop this radical Christian nationalist agenda in November.

Jul 15, 2024, 08:24 PM UTC

Jul 01, 2024, 04:08 PM UTC

Supreme Court corruption is about more than the MAGA justices working for their billionaire benefactors. It's also about the Court going out of its way to protect Trump.

But it doesn't have to be this way.

Jul 01, 2024, 03:32 PM UTC

Another Trump presidency just became much, much scarier. For the sake of our democracy, we must come together to defeat him.

Jul 01, 2024, 02:55 PM UTC

And that's just what we know from media investigations. The Supreme Court of today is fully an arm of the Republican Party, and the only remedy in our hands is an electoral defeat for that party.

All the alarm bells are ringing. The time is now.

Jul 01, 2024, 02:55 PM UTC

We cannot afford to give Republicans another four years of shaping this body.

We have justices who have admitted to being Christian nationalists, who've supported Trump's insurrection, who've accepted massive corporate bribes from billionaires with business before the court.

Jul 01, 2024, 02:55 PM UTC

We need Democratic leaders in Washington to act immediately to rein in this court. But we also need to be clear that the only long-term solutions are more justices appointed by a Democratic president, and reform achieved through a Democratic Congress.

Jul 01, 2024, 02:54 PM UTC

This is the most blatantly partisan and constitutionally unfounded act by this court since they handed the presidency to George W. Bush. It is a drastic departure from previous understandings of immunity -- a favor done by MAGA justices, for a MAGA president.

Jul 01, 2024, 02:54 PM UTC

We no longer have a real Supreme Court. We have a MAGA institution that runs defense for Trump and unilaterally writes laws against the will of the people. These partisan hacks in robes just threw the Constitution out the window and handed a huge win to their convicted felon presidential candidate.

Jul 01, 2024, 01:10 PM UTC

This is the kind of thing that's going to keep happening, thanks to Trump and his justices, and only accelerate if Trump and Republicans win in November. And someone is going to die. Pregnant patients are going to start dying. There's really no question.

Jun 27, 2024, 03:41 PM UTC

Three of them even wanted to uphold Idaho's right to deny care, paving the way for other states to enact similarly extreme laws, effectively overruling the federal emergency room law that has protected patients for 38 years.

Jun 27, 2024, 03:41 PM UTC

The three liberal justices stand for protecting pregnant patients like these. They valued their lives and health. The other six justices chose to ignore their plight.

Jun 27, 2024, 03:40 PM UTC

In the six months SCOTUS deliberated on this case, at least six pregnant patients in Idaho had to be airlifted to out-of-state hospitals for emergency care—according to just one hospital's reports. Countless other pregnant patients, terrified and in crisis, were denied necessary care.

Jun 27, 2024, 03:39 PM UTC

Nothing says 'this MAGA Supreme Court is playing politics with our rights and health' like SCOTUS recklessly and needlessly endangering women's lives, and then punting on issuing a major ruling in an election-year. The MAGA Justices should be ashamed of themselves.

Jun 27, 2024, 03:37 PM UTC

While we're temporarily relieved for Idahoans that enforcement of the law is delayed, kicking the can down the road just means giving right-wing judges another chance to rule in favor of the anti-abortion extremists – or delay the outcome till after election day.

If this early preview reflects the Court's final ruling, we're outraged. Because with SCOTUS', "Whoops! We intervened too soon!" relief for Idahoans is temporary and precarious.

Jun 26, 2024, 09:06 PM UTC

According to 1 hospital, at least 6 patients were airlifted out of Idaho for emergency care. More showed up at emergency rooms, terrified and in crisis, unable to get the care they needed due to Idaho's draconian law. www.boisestatepublicradio.org/health/2024-...

Jun 26, 2024, 09:05 PM UTC

The MAGA Supreme Court didn't dismiss the case. They delayed it closer to or after November. And when they took the case, they let Idaho's brutal abortion ban take effect, forcing countless pregnant patients to suffer.

Jun 26, 2024, 09:05 PM UTC

Thanks to an IT mishap, we got an early look at the Supreme Court's ruling in Idaho v. US/Moyle v. US. And reader, while it may seem like good news, don't be fooled. #SCOTUS went out of its way to take up this case prematurely.

Still, we welcome the Biden administration using its power and authority to provide administrative relief to many long-term undocumented individuals in our community, protecting millions of American families and communities in the process.

Jun 17, 2024, 10:24 PM UTC

Ultimately, we know that only Congress can pass legislative solutions that offer permanent protections for the entire immigrant community, and we will continue to work toward that goal.

Jun 17, 2024, 10:23 PM UTC

In addition to the forthcoming announcement on parole in place for spouses of US citizens, we urge POTUS to expand & renew TPS for countries that already meet the statutory requirements, modernize existing rules to provide relief for family caregivers, & help DACA recipients access employment visas.

Jun 17, 2024, 10:21 PM UTC

The Biden administration has the authority to protect millions of families at serious risk of separation by providing proactive protection & relief for individuals who've been here for

decades. Protecting longterm undocumented residents with affirmative relief is both a moral & political imperative.

Jun 17, 2024, 10:20 PM UTC

DACA is facing an existential threat in the courts despite turning 12 this weekend. We urge President Biden to continue providing affirmative relief to long-term undocumented residents of the US.

Jun 17, 2024, 10:20 PM UTC

For the over half a million undocumented spouses of US citizens, this deportation relief is life-changing and essential for keeping families together.

Jun 17, 2024, 10:19 PM UTC

We're grateful to President Biden for using the power of his office to provide quick relief for hundreds of thousands of long-term undocumented residents of our country. This is a historic moment, and we're also thankful for all of the activists who organized and worked endlessly to make it happen.

We need investigations of the corrupt MAGA justices and legislation to create enforceable ethics guidelines and rebalance the Court.

Jun 14, 2024, 05:15 PM UTC

Instead, they've prioritized grabbing as much power from Congress and the executive branch as possible, to pursue their far-right agenda unchecked.

The only way to ensure SCOTUS represents the American people instead of its billionaire benefactors is for Congress to take action.

Jun 14, 2024, 05:14 PM UTC

Letting the weapons that enabled the deadliest mass shooting in our nation's history back onto our streets will only cause more violence. But as we've seen in ruling after ruling since Republicans stole back control of the Court, it's clear the MAGA justices don't care about our rights or freedoms.

Jun 14, 2024, 05:14 PM UTC

Once again, the MAGA justices on the Supreme Court have put the NRA and their far-right billionaire buddies ahead of the American people. This ruling to undo one of the Trump Administration's only good decisions is as shocking as it is callous.

It would have been safe and frankly smart for most of the GOP to vote for it. But this shows how loyal to anti-choice extremists the whole party is.

Jun 13, 2024, 06:52 PM UTC

Republicans have waffled on this for months. When finally forced to take action, the GOP was too chicken. This legislation contains basic, popular things that actually enjoy wide support among Democratic and Republican voters alike.

Jun 13, 2024, 06:51 PM UTC

This is the kind of thing Democrats need to do more of. Go on offense. Force Republicans on the record. Don't let them say one thing and do another. Sen. Duckworth, Sen. Murray, Sen. Booker and other Democrats deserve credit for managing this really well.

Jun 13, 2024, 06:50 PM UTC

IVF access has helped countless American families form and grow. This bill would have protected their access to this health care and all the hope it represents amid active MAGA threats to ban IVF. After this vote on the Right to IVF Act, all those people now know exactly where their senators stand.

Jun 13, 2024, 03:24 PM UTC

In addition to this baseless lawsuit, we've seen a constant erosion of our reproductive rights in the almost two years since this MAGA Court ended Roe.

Jun 13, 2024, 03:23 PM UTC

We know the MAGA justices are eager to accept a case they can use to eliminate abortion access entirely, and our reproductive freedom won't truly be safe until it's fully codified into law.

Jun 13, 2024, 03:23 PM UTC

It is good news that the Supreme Court has (for now) unanimously rejected anti-abortion extremists' attempt to undermine access to medication abortion. But let's be clear about this ruling: It won't stop different anti-abortion extremists from trying again to end access to abortion pills.

Defeating Trump in 2020 came down to 44,000 voters in three states.

Control of the House in 2022 came down to 7,000 votes in five districts.

This election promises to be nauseatingly close. We've developed a tool that is more effective at turning out voters than any other GOTV tactic.

Jun 08, 2024, 01:27 AM UTC

Jun 07, 2024, 11:57 PM UTC

We're making big investments to win across the country! But we're not funded by Wall Street or Big Pharma lobbyists. The tools that defeated Trump in 2020 (and will beat him again in November) are powered by your grassroots support. Please contribute to our organizing work to preserve our democracy.

Jun 07, 2024, 07:30 PM UTC

The number of AANHPI Americans without insurance is down 61%.

This is historic progress that Democrats will build on if we give them a real trifecta in November.

Jun 07, 2024, 07:30 PM UTC

Since the Affordable Care Act was enacted in 2010:

The number of American Indians and Alaskan Natives without insurance is down 39%.

The number of Latino Americans without insurance is down 45%.

The number of Black Americans without insurance is down 48%.

Jun 07, 2024, 06:01 PM UTC

It is time to hit the ground running on the 2024 election cycle. We're not just going to try. We're going to beat Trump. We're going to win a trifecta. And we're going to codify reproductive freedoms and democracy reform.

Jun 07, 2024, 06:00 PM UTC

Just this week, Trump doubled down on the idea that he would prosecute his political foes, a terrifying assertion of dictatorial intent. We have the opportunity to repeat 2020 and stop him.

That means every single vote will come into play if we want to win back a trifecta, codify reproductive freedoms, and pass democracy reform.

Our goal is to reach 200,000 households in the most competitive districts and states across the country with Neighbor2Neighbor.

Jun 07, 2024, 05:58 PM UTC

This is why N2N matches you with 10 Democratic neighbors for a friendly conversation about the need to protect reproductive freedom and our democracy.

It's not just the GOP in Congress: Republicans in 17 states have blocked efforts to protect access to contraception.

House Democrats are going around MAGA Mike Johnson to force a vote on the Right to Contraception Act. This bill would stop states or the federal government from restricting access to contraception. Tell your Member of Congress to sign the discharge petition and support this crucial legislation.

Jun 06, 2024, 02:10 AM UTC

The leader of the GOP is to blame for abortion bans.

Jun 06, 2024, 12:26 AM UTC

If you can, chip in today to help us stop Trump in November.

Jun 06, 2024, 12:26 AM UTC

Phonebanks, textbanks, postcards and all our other organizing tools cost money. We are working 24/7 this year to keep Trump and his MAGA minions from returning to power. But unlike Republicans and their dark money backing, we're powered by small-dollar donations from supporters like you.

Jun 05, 2024, 11:25 PM UTC

Now, with Roe gone, the GOP is doubling down on their crusade to control the reproductive choices of every person in every state.

That's why we need our Members of Congress to support this discharge petition and vote for the Right to Contraception Act. 🇺🇸

Jun 05, 2024, 11:25 PM UTC

For decades, Republicans have attacked access to birth control by slashing funding for family planning programs, restricting access to emergency contraception, and leveraging the courts to eliminate reproductive rights.

Jun 05, 2024, 11:25 PM UTC

Tell your representative to sign the discharge petition for the Right to Contraception Act.

Jun 05, 2024, 11:24 PM UTC

By launching a discharge petition that makes MAGA Mike Johnson allow a vote on the Right to Contraception Act, every so-called 'moderate' Republican will be forced to pick a side: Anti-choice extremism or their own constituents' right to access contraception.

Jun 05, 2024, 11:24 PM UTC

House Democrats are demonstrating they will use every tool available to protect the American people from MAGA attacks on our fundamental freedoms. 🗳️

Jun 05, 2024, 09:45 PM UTC

Amidst relentless attacks on reproductive rights by MAGA extremists across all levels of government, Democrats must continue to be bold and fight hard to protect these fundamental rights.

Jun 05, 2024, 09:45 PM UTC

We also applaud House Democrats for launching a discharge petition to force a vote on the bill and get every member on record here. Millions nationwide depend on contraception.

Jun 05, 2024, 09:44 PM UTC

We can't forget how many people did not believe the threats to Roe were real until it was overturned, despite Republicans calling for just that. We can't afford to risk inaction again.

We applaud Senate Democrats for bringing this bill for a vote, and taking this issue head on.

Jun 05, 2024, 09:44 PM UTC

And today Senate Republicans proved once again that MAGA is aiming to finish the job.

The Republicans who blocked this bill today are saying clearly that they want to pave the way for a national abortion ban and a national ban on contraception.

Jun 05, 2024, 09:43 PM UTC

The Right to Contraception Act is a bold – and evidently imperative – move by Senate Democrats to safeguard access to contraceptives for all Americans. Republicans' decades-long war against contraception was supercharged by the overturn of Roe.

Jun 05, 2024, 09:41 PM UTC

No matter how much they try to distance themselves from the fallout from the Dobbs decision and downplay the deep fears over attacks on reproductive rights, Republicans' blockage of vote on a bill literally called the Right to Contraception Act really gives away the game.

Jun 05, 2024, 09:40 PM UTC

In case you were still wondering where the MAGA GOP stands on the right to contraception, take a peek at the Senate. The fact that GOP senators collectively blocked a vote on protecting access to contraception should really ring every alarm bell.

Jun 05, 2024, 09:06 PM UTC

Tell your Member of Congress that you're counting on them to demonstrate their support for a ceasefire by refusing to attend Netanyahu's address.

Jun 05, 2024, 09:06 PM UTC

Netanyahu has made it clear that he is more interested in his far-right agenda than bringing an end to the brutal war, so having him speak to Congress would undermine President Biden's peace efforts.

Jun 05, 2024, 09:04 PM UTC

We should expect he'd do the same now. President Biden has laid out a peace deal and is encouraging all parties at the table to take it - the US must use more leverage to close that deal, not give Netanyahu a platform to play partisan politics.

Jun 05, 2024, 09:04 PM UTC

Even President Biden acknowledges it's completely reasonable to understand Netanyahu's motivation for continuing the war as political. Netanyahu brags about meddling in US politics and has used past appearances before Congress to undermine President Obama and sabotage other critical peace processes.

Jun 05, 2024, 09:03 PM UTC

Netanyahu has used the war in Gaza for his own political gain. He's insisted on a prolonged military response that has led to the suffering and deaths of tens of thousands of innocent civilians in Gaza and not prioritized reuniting hostages with their families.

Jun 05, 2024, 09:02 PM UTC

Members of Congress must send a clear message they don't support the continued bloodshed and slaughter of innocent Palestinians or the disregard for returning hostages to their loved ones. Tell your Members of Congress to say No to Netanyahu and his relentless bombing in Gaza by skipping his speech.

Jun 05, 2024, 09:00 PM UTC

Israeli Prime Minister Benjamin Netanyahu has accepted an invitation to give a joint address to Congress.

But Netanyahu should not be given this platform.

Jun 05, 2024, 04:53 PM UTC

This bill would stop any state or the federal government from blocking access to contraception. Contact your senators ASAP and tell them to support the Right to Contraception Act. 📌

Jun 05, 2024, 04:53 PM UTC

Project 2025 (the GOP's 900-page plan to end our democracy as we know it if Trump wins) aims to restrict contraception access nationwide. Today, Democrats are fighting back against Republicans' escalating attacks on reproductive freedom. The Senate will vote soon on the Right to Contraception Act.

Jun 05, 2024, 01:40 PM UTC

TODAY: The Senate will vote on a bill that would protect access to contraception and stop any state from restricting it. Call your senators and tell them to cosponsor the Right to

Contraception Act. Republicans are attacking access at both the state and federal levels, and Congress must act.

Jun 05, 2024, 12:25 AM UTC

We must do the work now to ensure Andy Kim and every other Democrat wins their election. Here's what you can do to help us elect a true Democratic trifecta in November:

Jun 05, 2024, 12:24 AM UTC

Disgraced Senator Bob Menendez (who is on trial for federal bribery charges) just filed to run in the general election as an independent.

The stakes are high in this election, and alongside so many other races across the country, we cannot take any chances.

Jun 05, 2024, 12:24 AM UTC

We're proud to stand with Andy and behind the local Indivisible leaders across every corner of the state who are feeling hopeful after his victory tonight.

But as we look to November, we see that this race is far from over.

Jun 05, 2024, 12:23 AM UTC

The shift from improbability to inevitability in Andy Kim's Senate candidacy is a testament to the remarkable power of grassroots organizing.

Our movement believes in Andy Kim, his ability to build a winning coalition of supporters, and his earnest determination to overcome the odds.

Jun 05, 2024, 12:23 AM UTC

This is a monumental win not just for the people of NJ, but the whole country. Andy rallied voters to defeat a powerfully corrupt, decades-old political machine. This is a story of political bravery in service of democracy that we'll be telling for years to come.

Jun 05, 2024, 12:23 AM UTC

🎉 What a moment! Andy Kim was considered a longshot when he launched his campaign, and now he's New Jersey's Democratic nominee for US Senate! We're thrilled for Rep. Kim, a walking embodiment of pro-democracy values.

Jun 04, 2024, 09:10 PM UTC

MAGA Republicans keep attacking contraception at both the state and federal levels, and they've refused to support Democrats' efforts to protect IVF access, so make sure your senators hear from you about both of these crucial bills!

The Senate could also vote this week on the Right to IVF Act, which would establish IVF as a federal right for all Americans and expand access to coverage for IVF treatment.

Jun 04, 2024, 09:08 PM UTC

Trump's campaign raked in nearly \$53 million in the 24 hours after he was convicted for falsifying business records in order to sway the outcome of the 2016 election. It's their biggest one-day haul ever.

Project 2025 is the GOP's plan to end our democracy as we know it and remake the federal government in Trump's image.

Project 2024 is our plan to win a Democratic trifecta that will pass crucial democracy reforms and restore reproductive freedom for every American.

Let's get to work.

They will tear down our democratic institutions in an effort to protect their dear leader. Do not let them. Repeat the truth. Let it shine through. Trump is a convicted felon. Found guilty on all 34 counts by every single juror. Found guilty of interfering with an election - with his own election.

We all know that Trump and his MAGA cronies will attack this verdict. They will spin, spin, spin. They will attack the judge, the jurors, the law. They will flood the zone with disinformation to try to convince the public this doesn't matter or isn't real.

Undermining the legitimacy of the International Criminal Court on Netanyahu's behalf would be a grave strategic mistake — a mistake that we urge President Biden and congressional leaders to avoid.

May 22, 2024, 11:29 PM UTC

Netanyahu has regularly disregarded the Biden administration's guidance and requests regarding military strategy and the delivery of humanitarian assistance. Netanyahu is a corrupt, authoritarian leader who would prefer Donald Trump to be president of the United States.

May 22, 2024, 04:06 PM UTC

We couldn't agree more. That's why we've invested so much in building our infrastructure in this crucial battleground. And it's why two of our early endorsements have come in the

state: Ruben Gallego for Senate, and now Terán to fill his seat and add a strong voice for working people to the House.

May 22, 2024, 04:05 PM UTC

In 2021, she ran for office herself and won her race for Arizona's 30th House District. As a lawmaker, she fought tirelessly for working people by expanding access to health care, raising Arizona's minimum wage, and so much more.

Raquel knows the path to preserving democracy runs through Arizona.

May 22, 2024, 04:04 PM UTC

Raquel successfully organized to defeat the notorious Sheriff Joe Arpaio and recall the state senator behind Arizona's horrendous "show me your papers" law. She was instrumental in building the coalitions that defeated MAGA extremists Kari Lake and Blake Masters.

May 22, 2024, 04:04 PM UTC

Her political awakening came in response to the rise of bigoted, far-right leaders in Arizona who gained power by fueling anti-immigrant sentiment. She decided to fight back. And over and over, Raquel has won.

May 22, 2024, 04:04 PM UTC

 We're ecstatic to announce our latest endorsement: Raquel Terán, the future congresswoman for AZ-03!

CNN says it will host a 2024 Presidential Debate between Joe Biden and Donald Trump in Atlanta, GA. The debate will air live on June 27 at 9 pm ET

May 15, 2024, 01:38 PM UTC

So we'll repeat: It's not time to panic. But it is time (not this fall, not later this summer, NOW) to do everything we can to reach voters, establish the stakes of this election, and save our democracy. The outcome in November depends on rebuilding our coalition -- one conversation at a time.

May 15, 2024, 01:36 PM UTC

And while the voters we need to reach might not start paying attention to what the campaigns are putting out until the fall, we have a HUGE advantage because we're kicking

off this program in battleground states and districts next month.

May 15, 2024, 01:36 PM UTC

Our innovative voter contact tool empowers volunteers in swing states to directly reach out and build relationships with target voters in their community:

indivisibleproject.formstack.com/forms/neighborhood

May 15, 2024, 01:35 PM UTC

The task before us is to reach those disengaged voters, and to do it in ways that help them understand what's at stake here. And we've got a plan to talk to these crucial voters using trusted messengers: their neighbors.

May 15, 2024, 01:35 PM UTC

The reality is that a lot of the people we're worried about just aren't focused on the election. We think a lot of those voters are gettable. They may be frustrated right now, but that doesn't mean they want Trump's abortion bans, plutocratic economic policies, or fascism.

May 15, 2024, 01:34 PM UTC

Here's what this poll tells us: Trump is retaining most of his 2020 voters, while a meaningful portion of President Biden's 2020 coalition isn't committed to voting for him. And here's perhaps the biggest takeaway: Most of the critical voters who we need to win are not paying much attention yet.

May 15, 2024, 01:32 PM UTC

BUT the election is not being held today. It's not time to panic. A poll is a snapshot of the current moment -- it tells us where we're currently in trouble, what's resonating and not resonating, and where we need to target our efforts.

May 15, 2024, 01:32 PM UTC

Let's start by being honest: These numbers are not good! And while this poll is particularly rough, it's not uniquely so. The fact is most polling suggests if the election were held today, we wouldn't like the results.

May 15, 2024, 01:31 PM UTC

Once again, The New York Times has released a big battlegrounds poll with some troubling results.

We wanted to share a few quick thoughts on what's in the poll, how to read it, and what this means for our strategy (TL;DR: Don't panic but DO get involved). 📌

Two years later, Trump is threatening to return to power as MAGA extremists try to ban abortion nationwide. If we want to stop this catastrophic vision for the future and reclaim our reproductive freedom, we need to go even bigger this year so that we can defeat MAGA again.

May 02, 2024, 07:23 PM UTC

And we saw anti-abortion attacks rejected in Montana, Kentucky and Kansas.

We made abortion the issue of the midterms and stopped the "red wave," protected our hold in the Senate and ensured the GOP's House majority would be razor thin.

 Today marks two years since the leak of the Supreme Court opinion that overturned Roe v. Wade.

Whether a near-total ban from the year Abraham Lincoln was re-elected president, a 15-week ban, or any other effort by Republican policymakers to roll back our reproductive rights, let our message to these extremists be clear: the voters will hold you accountable this November and we will win.

May 01, 2024, 08:28 PM UTC

While today's vote marks progress in repealing Arizona's cruel 1864 abortion ban, the real headline here is that nearly every Republican in the Senate took another vote to keep this archaic law in place as they conspire to undercut the will of Arizonans with competing ballot measures this November.

Apr 18, 2024, 12:37 AM UTC

Today, Arizona Republicans doubled down on their support of a total abortion ban from 1864 (50 years before Arizona became a state). Our AZ groups are focused on three things: Restoring reproductive freedom, winning at every level in November and making the GOP pay for their unpopular abortion bans.

Apr 17, 2024, 08:49 PM UTC

No matter where you live, you can help us win in November and protect reproductive freedom. 📍

Apr 17, 2024, 08:49 PM UTC

Our fight for reproductive freedom is far from over. We won't rest until abortion rights are restored for every American and politicians who strip away our freedoms face the consequences of their actions.

If you're in Arizona, fight back by joining the mobilizations to codify reproductive rights.

Apr 17, 2024, 08:48 PM UTC

Today, Arizona Republicans voted to criminalize essential health care & ignore their constituents. MAGA extremists like Trump & Kari Lake can try to backpedal away from their support of abortion bans, but Arizonans know the truth -- because Lake has been praising AZ's restrictive 1864 law for years.

Apr 17, 2024, 08:47 PM UTC

...for our Neighbor2Neighbor canvassing tool from Arizonans in more than 65 cities and towns across the state. Arizonans are ready to fight this abortion ban, restore reproductive freedom, defeat Trump, and elect leaders like Ruben Gallego who will fight for our rights.

Apr 17, 2024, 08:46 PM UTC

No matter what the GOP decides to do next, Arizonans will make sure they pay a political price in November. The outrage across AZ is palpable—from Flagstaff to Phoenix, our communities are angered and mobilized. In 24 hours after the state supreme court ruling, there was a 50% increase in signups...

Apr 17, 2024, 08:45 PM UTC

Remember when Donald Trump claimed (after bragging about ending Roe) reproductive freedom should be left up to the states? This is the grim reality of that: Republicans' unwavering commitment to oppressive, outdated, and unpopular policies like abortion bans.

Apr 17, 2024, 08:44 PM UTC

 Arizona Republicans just blocked Democrats from repealing the 1864 abortion ban the state supreme court reinstated last week -- and then celebrated. This vote would have put the 15-week abortion ban the GOP passed in 2022 back into effect, but MAGA extremists decided to keep their state in 1864.

Apr 17, 2024, 05:55 PM UTC

We need your help! Let's get to work to restore our reproductive freedom and end the MAGA threat to abortion rights. [act.indivisible.org/...](https://act.indivisible.org/)

Apr 17, 2024, 05:55 PM UTC

The GOP spent decades rigging the courts with right-wing extremists so the MAGA Supreme Court could overturn Roe. But now that an election is approaching and abortion

bans are extremely unpopular, Republicans are trying to disown the policies they've championed for decades.

Apr 17, 2024, 05:51 PM UTC

Apr 17, 2024, 02:45 PM UTC

We're not letting MAGA extremists like Kari Lake get away with this blatant hypocrisy. Join the organizing that's happening to defeat Lake and restore reproductive freedom across Arizona and our entire country.

Apr 17, 2024, 02:45 PM UTC

Republicans like Kari Lake want you to ignore everything they've ever said or done to restrict our reproductive freedom. Lake expects us to believe she now opposes Arizona's total abortion ban from 1864 even though she praised it as "a great law." Arizonans aren't buying this extreme MAGA makeover.

That payment of \$130,000 was repaid to Cohen from the Trump Organization as "legal fees," which triggered the falsified records charge. And because this was done to help Trump win, the payments violated campaign finance law—a charge to which Cohen pleaded guilty in 2018.

No amount of backpedaling or attempts to rewrite history can absolve Kari Lake of her complicity. People will die because of her actions. Families will suffer irreparable harm. And Kari Lake will have to live with the knowledge that she played a pivotal role in this tragedy.

Apr 09, 2024, 08:09 PM UTC

Kari had every opportunity to speak out against this extremism for years and instead chose to incite her extremist followers. Her actions have real and devastating consequences for individuals across the state.

Apr 09, 2024, 08:09 PM UTC

Kari Lake has made numerous public statements disparaging abortion and those who seek it. She has referred to abortion as the "ultimate sin" and has dismissed it as not being healthcare. Her words have directly contributed to the MAGA mob's drive to rip away our rights.

Apr 09, 2024, 08:09 PM UTC

Throughout her career, Kari Lake has consistently aligned herself with anti-choice organizations and individuals who seek to undermine reproductive freedom. If she hadn't supported extremist abortion policies and rhetoric up until now, we might not be in this mess today.

Apr 09, 2024, 08:08 PM UTC

Kari Lake's history speaks far louder than any hollow statement she'll release today. The Arizona Supreme Court's ruling, enacting a total abortion ban with no exceptions, is exactly what she wanted.

That's why we've spent the last seven months gathering signatures to put an abortion rights amendment on the ballot in November. As you're reading this, over 1,600 Indivisibles are collecting signatures and more volunteers are signing up every day.

Apr 09, 2024, 05:13 PM UTC

People in Arizona want their reproductive freedom protected, not taken away by politicians and judges imposing their extremist ideologies. If given the chance, we know a majority would vote to restore and protect reproductive rights in the state.

Apr 09, 2024, 05:13 PM UTC

MAGA extremists had already passed a 15-week abortion ban in Arizona, but that wasn't enough for them. Republicans were intent on dragging us back to the 19th century. As devastating as this ruling is, we know there's a path to restoring abortion rights.

Apr 09, 2024, 05:12 PM UTC

The Arizona State Supreme Court just issued a horrific ruling reinstating an abortion ban from 1864 (before Arizona became a state). The law imposes criminal penalties like up to five years in prison on anyone who provides or aids in providing an abortion.

Traditional canvassing gives you a long list of strangers. With Neighbor2Neighbor, we'll give you a short list of neighbors. There's no app to download or confusing screen to navigate. You talk to your neighbors on your timeline and have a pleasant conversation that also encourages them to vote.

Apr 09, 2024, 03:28 PM UTC

This study showed Neighbor2Neighbor had a 1.1% effect on voter turnout. That might seem like a tiny number, but here are some actual tiny numbers for comparison:

The 2020 margin in Georgia: 0.2%

The 2020 margin in Arizona: 0.3%

The 2020 margin in Wisconsin: 0.6%

Apr 09, 2024, 03:28 PM UTC

Neighbor2Neighbor is super easy, super effective, and a fun way to meet cool people in your neighborhood. We think this tool could shift the outcome of the election. An independent study found N2N to be twice as effective as traditional canvassing and more effective than any other tactic tested.

Apr 09, 2024, 03:26 PM UTC

 The most important part of our plan to win in 2024 is here! We've spent years developing a groundbreaking new voter contact tool called Neighbor2Neighbor, and we're ready to deploy it in the states and districts that will decide control of Congress: [indivisibleproject.formstack.com/forms/neighbor...](https://indivisibleproject.formstack.com/forms/neighbor2neighbor)

The My Body, My Data Act is a key component of our Reproductive Freedom Agenda, which is how Democrats can go beyond restoring Roe to secure reproductive rights for every American.

Apr 09, 2024, 02:00 AM UTC

The My Body, My Data Act would create privacy standards to prevent the GOP from exploiting our personal health data. We're grateful for Rep. Jacobs' leadership: "Our vulnerable consumer data will be one of the best ways MAGA Republicans have to investigate and prosecute people seeking abortions."

Apr 08, 2024, 11:32 PM UTC

We need to stop Trump, keep a crucial Senate seat out of MAGA hands, take back Arizona's battleground districts to flip the House, and codify abortion rights into the state constitution. Please support our organizing work to win at every level in November!

Apr 08, 2024, 11:31 PM UTC

Trump likely doesn't have a path to the presidency without Arizona.

Democrats likely don't have a path to a Senate majority without Arizona.

That's why we're pouring resources into the state!

Apr 08, 2024, 10:34 PM UTC

Too many news outlets are still struggling to cover Trump accurately.

Apr 05, 2024, 09:26 PM UTC

Republicans praise Medicare Advantage but the reality is grim: It prioritizes insurers' bottom lines over patient well-being. Hospitals have been sounding the alarm about an uptick in Medicare Advantage plans denying claims and taking too long to review requests for care.

We must use every bit of leverage we have to secure an immediate ceasefire, the release of all hostages, a massive surge of humanitarian aid, and real steps towards peace and security.

Email your Member of Congress and urge them to call for a humanitarian ceasefire.

Apr 05, 2024, 07:07 PM UTC

It's clear that Netanyahu's objectives are incompatible with a durable peace for Israelis, for Palestinians, and for everyone in the region. The US cannot continue to fund and supply his war effort.

Apr 05, 2024, 07:06 PM UTC

No more bombs should go towards indiscriminate attacks on Palestinian civilians or aid workers. The killing must stop now, not only after a Rafah invasion or some other horror. Enough.

Apr 05, 2024, 07:06 PM UTC

President Biden should withhold arms transfers immediately, contingent on an independent and transparent investigation by the US into Israel's compliance with international law and compliance with the US laws for security assistance.

Apr 05, 2024, 07:06 PM UTC

The famine conditions in Gaza, the unconscionable loss of Palestinian life, the killing of aid workers, and Israel's restrictions on humanitarian assistance demand more urgency than simply putting options on the table.

Apr 05, 2024, 07:05 PM UTC

It is a welcome development that President Biden, and his close allies like Senator Coons, are putting conditions or limitations on military assistance to the Israeli government on the table. It is welcome, but insufficient.

Apr 05, 2024, 04:56 PM UTC

Congress must call on the Biden Administration to rethink these unrestricted arms transfers to Israel and to put conditions on all future military assistance.

Apr 05, 2024, 04:56 PM UTC

Given the humanitarian crisis in Gaza and the high number of civilian and aid worker casualties, it is unjustifiable to continue to authorize weapon transfers until we can ensure they are being used to uphold human rights and international law.

Apr 05, 2024, 04:56 PM UTC

...it is certain that Israel is complying with US and international law as well as mitigating harm to innocent civilians in Gaza.

An Alabama Democrat just flipped a district that Trump won by massive margins after focusing on the right-wing attacks on IVF in her state.

The GOP's House majority is at risk after a wave of resignations, but that hasn't stopped Republicans from carrying on with their empty impeachment inquiry. If you live in a GOP district, don't let your Member of Congress off the hook: Tell your representative you're going to hold them accountable.

Mar 27, 2024, 04:55 PM UTC

Something is happening even in deeply red Alabama. A Democrat, Marilyn Lands, who ran on a platform of protecting abortion rights and IVF, just defeated her GOP opponent by 25 points in a swing district Trump won narrowly in 2020.

Reproductive rights matter to voters everywhere.

Republicans in battleground districts are mostly just trying to avoid making headlines. They really don't want their constituents to know about their unpopular anti-IVF policies.

That's where we come in!

Benjamin Netanyahu has vowed to "defy Biden's 'red line' on Rafah" -- signaling, once again, that an escalation into a ground campaign in Rafah could begin any day now.

If you're represented by a Democrat, tell them not to give into the GOP's outrageous demands. indivisible.org/resource/enc...

And then remind your Democratic senators that it's not up to them to save Republicans from their own chaos. 📌

Mar 12, 2024, 05:53 PM UTC

Congress passed half of a government funding package last week, but the other half faces a March 22 deadline. That means Republicans are preparing even more baseless attacks on reproductive freedom, the LGBTQ+ community, and vulnerable asylum seekers and immigrants.

Mar 12, 2024, 02:20 PM UTC

You probably haven't seen much news coverage about this, which is why we need to raise awareness locally. 📌

Mar 12, 2024, 02:19 PM UTC

Medicare and Social Security are essential programs that millions of Americans rely on -- so of course the leader of the GOP wants to put them at risk. In fact, Republicans' plan if they return to power is to fully privatize Medicare in order to boost the profits of health insurance companies.

It's up to us to stop these MAGA extremists. If you can, pitch in to power our tools that will defeat Trump again.

Mar 11, 2024, 11:45 PM UTC

The latest revelation about MAGA Republicans' plan to install Christian Nationalism as the law of the land ("Project 2025") is an online manifesto with policies to "abolish abortion" and "define marriage as the covenant union of a biological male (and) a biological female."

Mar 11, 2024, 08:37 PM UTC

We can't afford any confusion while our rights are on the line! Let's raise awareness about Trump's extreme anti-abortion views (like supporting criminal penalties for women who have abortions).

Mar 11, 2024, 08:36 PM UTC

Donald Trump will sign a national abortion ban if he returns to the White House. There should be no doubt about this, but some media coverage has made the leader of the GOP sound like a "moderate" on reproductive freedom.

Mar 11, 2024, 05:43 PM UTC

We need federal protections for IVF access. Email your senators and tell them to support the Access to Family Building Act to defend families and doctors from criminalization. 🇺🇸

Mar 11, 2024, 05:43 PM UTC

IVF is incredibly popular -- it shouldn't be controversial! But MAGA Republicans rely on the judiciary to do their dirty work and attack popular policies, and that's what happened in Alabama.

Mar 11, 2024, 02:33 PM UTC

It's going to take mobilizing at 2020 levels to stop Trump and win a real Democratic trifecta in November. We really need your help to organize to end Trump's career, codify abortion rights and repair our democracy: act.indivisible.org/survey/major...

We need everyone to understand that these horrific stories are the GOP's vision for our country.

Mar 10, 2024, 01:56 PM UTC

We're seeing the terrifying reality of Republicans' anti-abortion laws: IVF access at risk in Alabama, Brittany Watts threatened with jail time in Ohio for experiencing a miscarriage, Kate Cox battling the system in Texas for life-saving care.

Mar 10, 2024, 02:09 AM UTC

We're grateful to Sen. Murray, Rep. Blunt Rochester and Rep. Tonko for adding their voices to the calls for a humanitarian ceasefire. Email your representative and urge them to

The GOP's plan to end our democracy as we know it and remake the federal government in Trump's image is called Project 2025.

Mar 09, 2024, 03:03 PM UTC

It's been a long time since we've seen Republicans panic like this. The majority of the House GOP supports a bill that could end IVF as we know it. We can't let Republicans get away with claiming they're expanding IVF access! Help us raise awareness locally: act.indivisible.org/lte/MAGA-IVF...

One path leads to a Democratic trifecta that codifies abortion rights and passes democracy reform. The other path leads to autocracy, vengeance and unimaginable cruelty to the most vulnerable members of our society.

Clarence Thomas keeps ruling for Trump despite the fact his wife communicated with Trump's chief of staff about overturning the 2020 election. President Biden is the only presidential candidate to defeat Donald Trump and he'll do it again. Indivisibles are ready to organize and relegate Trump and his MAGA sycophants to the dustbin of history. Let's get to work: act.indivisible.org/survey/major...

Mar 08, 2024, 02:50 AM UTC

It's a simple truth.

Mar 08, 2024, 01:37 AM UTC

This is a dangerous moment in our history. We look forward to President Biden presenting his vision for how we overcome Trump's threats and keep building on the promise of a multiracial democracy that works for all of us.

Mar 08, 2024, 01:37 AM UTC

Republicans have a 900-page plan to end our democracy as we know it and remake the federal government in Trump's image if the GOP returns to power. Trump has promised to be a dictator "on day one," use the military to stop protests and put his political opponents in jail.

Mar 08, 2024, 01:37 AM UTC

Or we can go back to Donald Trump and endure his vengeance, autocracy, and unimaginable cruelty to the most vulnerable members of our society.

Mar 08, 2024, 01:36 AM UTC

We can build on all of this progress, re-elect President Biden and win a real Democratic trifecta that will restore reproductive freedom for every American and pass the vital democracy reforms our country has needed for so long.

Mar 08, 2024, 01:36 AM UTC

President Biden has gotten more done in the first 3 years of his presidency than most presidents have accomplished over two terms.

Mar 08, 2024, 01:36 AM UTC

Under President Biden's leadership, we've experienced record low unemployment, a rapid rise in wages, drops in crime and inflation, expansions of renewable energy production and consumer protections, and much more.

During tonight's State of the Union address, President Biden will tell Americans about the two very different visions for our country that are before us. 📌

Does your GOP Member of Congress support this extremely unpopular legislation? Let them know you're paying attention.

Mar 07, 2024, 10:24 PM UTC

Sometimes we get asked if it's still possible to pressure shameless Republicans.

And the answer is yes. Michelle Steel (an Unrepresentative from a district President Biden won) has announced she no longer supports a bill that could end IVF access as we know it.

Mar 07, 2024, 09:28 PM UTC

Mar 07, 2024, 06:51 PM UTC

So let's contact voters in those districts!

Mar 07, 2024, 02:44 PM UTC

We need to raise awareness about No Labels' dangerous threat to our democracy. 📌

Mar 07, 2024, 02:44 PM UTC

This isn't good. No Labels (the GOP front group) will put a candidate on the ballot in Florida, Nevada, North Carolina and other battleground states. Their goal is to disrupt the Electoral College and make the House pick the next president, which would ensure a second Trump term.

Mar 07, 2024, 02:19 AM UTC

New York is home to 10 House Republicans. That's why we've teamed up to build the largest field and organizing campaign in the state's modern history. The road to winning back the House runs through the Empire State, so join the campaign to get MAGA out of NY.

The answer will be determined in large part by the work we do from now until Election Day. Commit to defeating Trump by supporting our grassroots organizing to win in November.

Mar 07, 2024, 12:44 AM UTC

Which reality will we wake up to 8 months from today?

A second Trump term defined by vengeance and autocracy?

Or a Democratic trifecta that restores reproductive freedoms and repairs our democracy?

Mar 06, 2024, 09:28 PM UTC

Mar 06, 2024, 02:59 PM UTC

We really need your help to organize, win in November and end Trump's political career.

Mar 06, 2024, 02:59 PM UTC

Donald Trump enjoys more institutional support from the GOP in 2024 than he did in 2020 or 2016. There's no meaningful Republican opposition to Trump left in Congress. He is the unquestioned leader of his party, which has a literal plan to end our democracy as we know it if Trump returns to power.

Mar 06, 2024, 03:06 AM UTC

We can't afford to wake up on November 6 wishing we did more to preserve our democracy. If you can, pitch in to power our work to stop Trump.

Mar 06, 2024, 03:05 AM UTC

It's all but official: Trump is going to win the GOP nomination. Despite a deadly insurrection, 91 criminal charges and dozens of credible accusations of sexual assault, Trump is in complete control of the Republican Party. This is an extremely dangerous moment.

Republicans are panicking and trying to disavow the Alabama Supreme Court ruling that jeopardized IVF access across the state.

But many of these same Republicans have supported legislation that would ban abortion and IVF services nationwide.

If you've got a "pro-family" GOP senator, tell them to put their money where their mouth is.

Ruben is the only candidate Arizonans can trust to fight for our priorities by ending the filibuster to pass federal abortion protections and democracy reform. The grassroots energy behind Ruben's candidacy is palpable and we're ready to do whatever it takes to elect him to the Senate.

Feb 14, 2024, 05:28 PM UTC

Project 2024 is focused on Arizona and replacing Sellout Sinema with Ruben Gallego. Arizona Indivisibles voted to endorse Rep. Gallego's Senate campaign by a huge margin and he's our 2nd national endorsement of 2024!

Feb 14, 2024, 05:27 PM UTC

Project 2024 is all about giving you the tools you need to fight MAGA extremism in the key states & districts that will determine control of the White House & Congress. We know the margins for victory will come down to a small subset of states and you can help us start organizing to win there today!

Feb 14, 2024, 05:26 PM UTC

You've probably heard about "Project 2025," which is what Republicans are calling their elaborate plan to dismantle our democracy if Trump returns to power. Our movement isn't going to let that happen, and that's why we're launching Project 2024: Majority Over MAGA.

Feb 14, 2024, 05:25 PM UTC

 We have big news: It's time to defeat Donald Trump! Our general election program for 2024 is here and you can get started on the work to win in November right now: majorityovermaga.org

Feb 14, 2024, 01:57 PM UTC

Good morning! You're the best! 🤗

Feb 14, 2024, 03:54 AM UTC

Start spreading the news: We just flipped our first red district of 2024 and made MAGA Mike Johnson's job even more difficult!

Feb 14, 2024, 03:30 AM UTC

One down, 17 to go.

If you're able, pitch in to support our organizing work to hold the rest of these MAGA enablers accountable in November!

Feb 14, 2024, 03:29 AM UTC

We're going to take the grassroots energy and momentum from this race and run with it in other frontline NY districts and across the country. Since the GOP took control of the House 13 months ago, we felt it was clear the 18 Biden-won districts held by Republicans were key to winning back the House.

Feb 14, 2024, 03:28 AM UTC

We couldn't be prouder of the work Indivisibles did in New York to flip this key district! Our movement sent over 120,000 texts, made 14,000 calls and mailed 10,000 postcards to voters in NY-03. Tonight is the first in a series of wins this year!

Feb 14, 2024, 03:28 AM UTC

Because they know the stakes better than most after dealing with George Santos for over a year. This win is a great example of how volunteers and activists are a lot more savvy than pundits or observers might expect.

Feb 14, 2024, 03:27 AM UTC

In a special election with low turnout, that's huge! Many Indivisibles in NY-03 had organized to hold Tom Suozzi accountable in previous primaries over actual areas of disagreement with him. But after this special election was announced, they didn't hesitate for a moment.

Feb 14, 2024, 03:26 AM UTC

And they respond (and vote) when they have real conversations with their neighbors and other trusted messengers. In the last two weeks, Indivisibles in the district spoke with nearly 1,000 progressive voters in their own neighborhoods about the importance of turning out to vote in this race.

Feb 14, 2024, 03:26 AM UTC

Indivisibles across the state and country pitched in to help build this win, in a clear reflection of the enthusiasm we're already seeing in 2024! Even in a district like NY-03 that has shifted heavily to the right over the past decade, voters care about issues like abortion rights and democracy.

Feb 14, 2024, 03:25 AM UTC

We just flipped George Santos' former district! This is an important win for New York, our movement and Democrats in Congress! MAGA Mike Johnson's tiny majority in the House just got even smaller, and this victory in a conservative district is another very bad sign for Republicans ahead of November.

Andy Kim is the pro-democracy candidate in New Jersey. His record shows that he not only leads with integrity and humility, but also with grit and the energy needed to push back against MAGA extremists in the Senate.

Feb 08, 2024, 05:29 PM UTC

When Andy goes to the Senate, he will bring a wealth of experience and use it to serve all New Jerseyans -- not foreign governments, wealthy donors or party bosses.

Feb 08, 2024, 05:29 PM UTC

NJ's powerful party bosses aren't happy about Andy's grassroots campaign. Unfortunately for them, we've got nearly 1,500 active and engaged organizers across the state! NJ Indivisibles voted to endorse Andy's campaign by a huge margin, and they're ready to buck the establishment to get him elected.

Feb 08, 2024, 05:28 PM UTC

He's clear-eyed in his efforts to protect reproductive freedom and an outspoken defender of our democracy. Andy knows the only way to pass progressive legislation is by eliminating the filibuster.

Feb 08, 2024, 05:27 PM UTC

After Sen. Menendez's indictments became public, Rep. Kim stepped up to run in the Senate primary -- because it's clear that he is a public servant, not a politician. Since being elected to Congress in 2018, Andy has been a leader in the fight against corporate greed.

Feb 08, 2024, 05:27 PM UTC

While becoming one of the few Democrats to be elected and re-elected in a Trump-won district, Andy has stood by his values and remained one of the most accessible Members of Congress. He is battle-tested and ready to get to work on his first day in the Senate!

Feb 08, 2024, 05:26 PM UTC

 Our first national endorsement of 2024 is here and it's Rep. Andy Kim! New Jersey Indivisibles voted overwhelmingly to endorse Rep. Kim in the Senate primary because they've seen this principled progressive get results.

Republican demagoguery about the border and immigrant communities is profoundly toxic to our politics and dangerous for our communities.

We oppose bringing back failed Trump-era immigration policies. Encourage your senators to reject this bill.

Feb 05, 2024, 07:52 PM UTC

It's an indictment on the GOP that Republicans in the House and Senate are turning on this bill — even after extracting massive concessions from Democrats — now that Trump and his acolytes are agitating against it.

Feb 05, 2024, 07:52 PM UTC

The financial impacts of a global pandemic are still falling on the shoulders of too many of us—but we have the tools to fix it.

If we win this year, we can build an economy that works for the working class instead of protecting billionaires and big corporations.

There's a lot more work to do, but we know exactly what it will take to get it done. Too many Americans are still facing high prices at the grocery store, increased housing costs, and struggles to cover health care.

This is great news. President Biden's anti-austerity policies have created the strongest jobs economy in the world, with consistent job growth and record-low unemployment for the past three years. Wages continue to rise and inflation continues to drop under Democratic leadership.

The GOP's empty impeachment inquiry is a shameless attempt to distract from Trump's legal troubles. If you're in a red district, you can help raise awareness by making it clear for your community: Republicans have still failed to find any actual evidence of wrongdoing.

It would be a dangerous mistake for Senate Democrats to cave to the GOP and allow the return of MAGA immigration policies like Trump's Title 42. Let your Democratic senators know they must reject Trump-era immigration policies.

We cannot allow these attacks on democracy and the rule of law to be normalized. As Republicans proclaim support for Abbott, we must remember this is a central goal of Trump's agenda: undoing our core values as a welcoming democracy & supplanting it with a nationalist code enforced through violence.

Jan 26, 2024, 06:08 PM UTC

Abbott's insistence that the state of Texas has the right to meet migrants with violence and death on our border is reminiscent of some of the darkest battles in our nation's history, as is his refusal to acknowledge the checks within our federal system.

Jan 26, 2024, 06:08 PM UTC

Abbott's policies resulted in a woman and two children being drowned in the Rio Grande when federal officials were refused access to the area. By refusing to comply with SCOTUS orders to allow federal access to the border, Abbott is drastically escalating beyond rhetoric and into open lawlessness.

Jan 26, 2024, 06:05 PM UTC

That Republicans across the country are standing with him is as clear a sign as any the GOP is lost to anti-American extremism that threatens our very existence.

Jan 26, 2024, 06:04 PM UTC

This is an alarming moment for our democracy, and we must be clear on what this is about: Governor Abbott is choosing to defy the federal government in order to unilaterally pursue a cruel and illegal policy of murder on our southern border, outside the checks and balances of our governing system.

Jan 24, 2024, 01:48 AM UTC

While Nikki Haley may not concede tonight, she's already admitted defeat by running a Trump-lite campaign of anti-abortion extremism and refusing to condemn the frontrunner. No matter the margin of Haley's loss, she never really put up a fight because this is Trump's party.

Jan 24, 2024, 01:47 AM UTC

After years of speculation and months of campaigning, these last two weeks have made it clearer than ever that the GOP belongs to Trump. His extremism is the GOP platform. Ever

We know that Trump is a serious threat to what's left of our abortion rights, but some of your neighbors might mistakenly believe he's a "moderate" due to recent media coverage. Make it clear for your community: The Republican who brags about ending Roe has dangerous positions on abortion.

The MAGA Supreme Court is rewriting the rules in favor of special interests.

It was clear when they sided with big polluters.

It was clear when they blocked student debt relief.

It's still clear as SCOTUS hears Relentless.

Rally with us in D.C. tomorrow: secure.everyaction.com/qb4u-B8FbkO0...

Jan 16, 2024, 02:11 PM UTC

Our movement wasn't around in 2016, but we're here now -- and we have a record of wiping the floor with MAGA in every election since. We flipped the House in 2018. We beat Trump already in 2020. And then in 2022 we had a historic midterm that evaporated the predicted red wave.

Let's get to work. 📌

Jan 16, 2024, 02:03 AM UTC

So tonight, make your commitment to defeating Trump real by chipping in what you can to fuel the grassroots organizing it'll take to do it. He's notched a W in the first contest of 2024, but we can hand him and his MAGA movement a big fat L in the final contest of his political career this November.

Jan 16, 2024, 02:00 AM UTC

Because we also have a very real chance to defeat Trump, make MAGA irrelevant and restore a Democratic trifecta that delivers on the promise of a multiracial democracy that works for all of us. Which reality we wake up to on November 6 will be determined by the work we do from now until then.

Jan 16, 2024, 01:59 AM UTC

Trump could win a second term defined by vengeance, autocracy and unimaginable cruelty to the most vulnerable members of our society. Despite that very dark possibility, we're hopeful. Why?

Jan 16, 2024, 01:57 AM UTC

Barring a miracle, Trump will be the Republican nominee. The GOP primary isn't technically over, but it's only a matter of time before DeSantis, Haley, and the rest of the clown show endorse Trump, just as they did in 2016 and 2020.

Jan 16, 2024, 01:57 AM UTC

With two impeachments, 91 felony counts, a few civil trial losses against him and declarations that he plans to act like a dictator if reelected, Trump just did what he was unable to do in 2016: He won the Iowa caucuses.

Jan 15, 2024, 10:34 PM UTC

Tonight, Donald Trump is expected to triumph in the Iowa caucuses and get even closer to winning the GOP nomination for the third time.

Don't agonize. Let's organize to stop Trump and win a real Democratic trifecta. 📍

Dec 13, 2023, 11:11 PM UTC

All 17 House Republicans in districts President Biden won supported this charade to boost the GOP's indicted presidential candidate. But this vote won't cover up for the fact that the MAGA Majority accomplished nothing in 2023: no signature legislation and nothing that improved Americans' lives.

Dec 13, 2023, 11:09 PM UTC

This is a joke. Leading Republicans have admitted there's zero evidence of any wrongdoing by President Biden, but MAGA Mike Johnson just obeyed Trump's orders to launch an impeachment inquiry. Instead of passing meaningful legislation to help American families, the GOP is focused on helping Trump.

 We're in a New York state of mind — because the road to winning back the House runs through New York! We're working with the state's leading organizations, movements and unions to build the largest field campaign in modern New York history. Let's get to work!

\$10 = Signs for tabling

\$16 = A six-pack of clipboards

Please pitch in if you can!

The other 17 vulnerable Republicans have frankly benefited from Santos soaking up the public attention. With Santos gone, there will be nowhere for them to hide.

Dec 01, 2023, 04:25 PM UTC

Santos' lies, fraud and deceit have been known for nearly a year now. The people of New York deserve better. Our country deserves better.

His departure won't end the GOP's political woes. Santos has been one of 18 Republicans in Biden-won districts. All have been enabling an extremist MAGA agenda.

Dec 01, 2023, 04:24 PM UTC

A majority of Congress finally acknowledged there's a baseline of moral conduct necessary to represent the American people, and that George Santos is 20 feet below that. But it shouldn't have taken this long for this Republican caucus to say enough is enough.

Dec 01, 2023, 04:24 PM UTC

1 down, 17 to go.

There's never been anyone quite like George Santos in Congress. While he put his own unique twist on being a massive fraud, he should be remembered for what he was: the logical endpoint of a MAGA GOP obsessed with lies.

The UN agency leading the humanitarian relief is sheltering a million people.

It's Giving Tuesday and we're asking you to donate what you can to humanitarian relief in Gaza. Nearly 2 million Gazans have been displaced by the Israeli government's military response to the horrific Hamas attacks. UNRWA (a UN agency) is providing lifesaving aid with 5,000 humanitarian workers.

Nov 28, 2023, 02:51 PM UTC

As we continue to organize for a ceasefire to end the bloodshed, it's vital we also support lifesaving assistance to the people of Gaza. UNRWA estimates it will need almost \$500 million to cover the most critical needs of Gaza's population in the next few months, and all of us can make a difference.

Nov 28, 2023, 02:49 PM UTC

Tens of thousands of people are counting on the UNRWA for medical care at the nine health centers still functioning and the over 100 mobile units it is operating. UNRWA is working with the World Food Program to stave off the very real threat of starvation.

We're asking you to donate what you can on this Giving Tuesday to UNRWA, the UN agency leading the humanitarian response in Gaza. 1.7 million Gazans have been displaced by the Israeli government's military response to the horrific Hamas attacks on October 7.

You've heard of Giving Tuesday? This is something like that, but our goal isn't a dollar amount. We want to get as many unique donations as possible (even just \$1) to show this movement gives a sh*t about winning in 2024: secure.actblue.com/donate/give-...

Nov 13, 2023, 06:58 PM UTC

What are your hopes for the next generation?

Nov 13, 2023, 06:44 PM UTC

Last week proved once again that abortion rights win elections. Help keep the momentum going by writing a letter to the editor urging your elected officials to be champions for reproductive freedom. Our local media tools make it easy to get involved!

Nov 13, 2023, 05:56 PM UTC

So if you can give \$1, great! \$10? We'll take it! If you're ready and able to give more, we need it! The important thing is to step up, if you can, and show we give a sh*t about winning in 2024.

Nov 13, 2023, 05:55 PM UTC

We launched "Giving a Sh*t Tuesday" to show how much our movement cares about winning in 2024. This isn't about raising the most money: Our goal is 1,000 donations toward our 2024 election work before midnight tomorrow.

Manchin has pursued a life of public service that's never actually served the public, and the people of West Virginia deserve better. We can and will achieve the big priorities of undoing the filibuster, saving democracy, and protecting reproductive freedom without him. 🙌

Nov 09, 2023, 09:04 PM UTC

Joe Manchin's decision not to run for reelection caps off a career of open contempt for working people. His obvious intention to run an ego-driven spoiler campaign for president is a continuation of the self-centered, self-enriching style of leadership he's embraced for the entirety of his career.

Abortion rights measures are 7-0 since Roe was overturned. Let's take this momentum to Arizona, where Indivisibles are working to get an abortion rights measure on the ballot in 2024 (which would juice voter turnout in a key battleground state).

Indivisible's texting program led with abortion and democracy-related messaging to help Judge Daniel McCaffery win, and used an innovative form of "social pressure" by telling contacts how many people had already voted in their zip code.

Nov 08, 2023, 09:29 PM UTC

Indivisibles sent over 265,000 texts to voters through our award-winning texting program via a grant to a local group in Philadelphia. In addition, Indivisible recruited texters from Rhode Island and Connecticut to help out their friends in this swing state.

After last night's exciting win in Pennsylvania, we want to highlight the work Indivisibles put in to get there! Here is how Indivisibles won in PA:

Indivisible groups from across the country sent 75,000 hand-written postcards to Ohio voters to support their efforts to protect reproductive freedoms.

At least 577 voters replied back asking to join the volunteer corps for the November and August efforts – a record high rate of response for our multi-text conversations.

Nov 08, 2023, 04:30 PM UTC

Indivisibles sent 324,976 texts to voters through our texting program to enshrine abortion access in Ohio, specifically sending over 210,000 texts to households with likely vote triplers.

Indivisibles in Ohio have been on the ground since day 1, putting in the work to make last night's victory a reality. We want to highlight some of the fantastic work they did to get us here:

Judge McCaffery's win in the Pennsylvania Supreme Court election is a testament to his record and a product of Indivisibles on the ground who worked tooth and nail to turn out voters for this election. It is not only a win for democracy but also a clear rejection of MAGA extremism by voters in PA.

Kevin McCarthy and his do-nothing MAGA majority just caved. We applaud Democrats for holding the line to stop the GOP's proposed 30% cuts to life-saving programs that millions of Americans rely on. Once again, it's clear that Republicans are completely incapable of governing.

Senator Feinstein was a trailblazer for over a half-century of public service. After becoming the first woman to serve as mayor of San Francisco, she became one of the first women to serve as a senator in California and one of the first Jewish women to serve in the Senate.

Sep 29, 2023, 01:42 AM UTC

Leaves are falling.

There's a chill in the air.

And MAGA Republicans are trying to shut the government down.

If you're confused about why this is happening again, our Leah Greenberg is here to explain.

Sep 28, 2023, 07:15 PM UTC

The only real solution to ending the shutdown threat and re-opening our government after September 30 is for Republicans to join Democrats in their discharge petition. Call your GOP Member of Congress today and let them know these political games are unacceptable.

Sep 28, 2023, 12:06 AM UTC

As always, we will be watching tonight's GOP debate so you don't have to.

Sep 27, 2023, 09:12 PM UTC

Last month, we stopped Republicans from rewriting the rules of democracy in Ohio to restrict abortion rights. Now we need to finish the job in November! Indivisibles around the country are contacting Ohio voters to codify abortion rights. Please join us!

Sep 27, 2023, 05:26 PM UTC

Republicans are **literally** putting their extremist politics before the seniors, working families, servicemembers, and first responders who would see their essential services disrupted during a MAGA shutdown.

Sep 27, 2023, 01:42 PM UTC

It's not too late for Republicans to avoid a MAGA shutdown. Tell your GOP representative to do their job, join Democrats' discharge petition, send a bipartisan bill to the House floor, and stop putting American families at risk with political games.

Sep 26, 2023, 09:00 PM UTC

The leader of the GOP is a fraud (literally).

The most pro-union president in our history.

Sep 26, 2023, 01:49 PM UTC

Do you have a GOP representative? It's extra important that they hear from you right now. Any Republican who actually wants to do their job can stop the MAGA shutdown by joining Democrats' discharge petition to send a bipartisan bill to the House floor.

Sep 26, 2023, 12:18 PM UTC

It's happening today!

Sep 26, 2023, 12:12 AM UTC

We're 6 days away from a MAGA shutdown that would have severe impacts on communities across the country and Republicans are still busy playing politics instead of doing their jobs.

Sep 25, 2023, 08:34 PM UTC

Any Republican who is serious about avoiding a MAGA shutdown must sign onto the Democrats' discharge petition. This petition will bypass Kevin McCarthy (and his bosses Marjorie Taylor Greene and Matt Gaetz) and send a bipartisan bill to the House floor.

Sep 25, 2023, 06:03 PM UTC

6 more weeks until the election to codify abortion rights into Ohio's state constitution! This amendment would also protect the right to contraception, fertility treatments, and miscarriage care. Please make some calls to Ohio about voting YES on Issue 1.

No, you are not experiencing déjà vu. Donald Trump has been indicted again — this time in Georgia for his efforts to pressure election officials to overturn the democratic election results in the state after his loss in 2020.

Remember when a Georgia voting system was breached after the 2020 election? Now there are texts and emails "directly connecting" that criminal act to Trump's legal team.
